Rosemary Chiavetta, Secretary

Pennsylvania Public Utility Commission
Commonwealth Keystone Building
400 North Street, Second Floor
Harrisburg, PA 17120

**RE: Petition of Finch Wireless.AI Inc for Designation as an Eligible
Telecommunications Carrier (ETC) in the Commonwealth of Pennsylvania**

Docket No.: _____ (to be assigned)

Dear Secretary Chiavetta:

Finch Wireless.AI Inc (“Finch Wireless.AI” or “the Company”) respectfully submits the attached **Petition for Designation as an Eligible Telecommunications Carrier (“ETC”)** pursuant to Section 214(e)(2) of the Communications Act of 1934, as amended, 47 U.S.C. §214(e), and the rules of the Federal Communications Commission (“FCC”), 47 C.F.R. §§54.101–54.422, as well as all applicable requirements of the Pennsylvania Public Utility Commission (“Commission”).

Finch Wireless.AI seeks ETC designation in order to provide **Lifeline-supported wireless broadband and voice services** throughout the Company’s proposed service area in Pennsylvania, utilizing the T-Mobile USA network as its underlying facilities-based provider. The Company will provide the supported services in compliance with all federal and state requirements, including but not limited to:

- Lifeline program rules under 47 C.F.R. Part 54;
- NLAD and National Verifier procedures;

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- STIR/SHAKEN caller authentication obligations;
- CPNI and privacy regulations;
- Annual reporting and certification requirements; and
- All applicable Pennsylvania-specific consumer protection, service quality, and outreach standards.

The accompanying Petition includes:

- **Sections 1-8 (Narrative Petition)**
- **Exhibits A-L (Supporting Documentation)**, including CEO Certification, Coverage Map, Lifeline Plan Description, Advertising & Outreach Plan, FW&A Controls, Technical Capability Statement, Emergency Functionality Statement, STIR/SHAKEN Certification, Public Interest Summary, and related attachments.

Finch Wireless.AI respectfully requests that the Commission:

1. **Accept this Petition for filing,**
2. **Assign a docket number,** and
3. **Grant ETC designation** for Lifeline service in the Commonwealth of Pennsylvania.

Please direct any questions regarding this filing to:

Kevin Nouch

Chief Executive Officer

Finch Wireless.AI Inc

Email: kevin@finchwireless.ai

Phone: (215) 954-9021

Thank you for your attention to this matter.

Respectfully submitted,

Finch Wireless.AI Inc

By: 

Kevin Nouch

Chief Executive Officer

Finch Wireless.AI Inc •

SECTION 1 — Introduction

Finch Wireless.AI Inc (“Finch Wireless.AI” or the “Company”), a Pennsylvania-based wireless provider utilizing advanced artificial intelligence systems and operating as a mobile virtual network operator (“MVNO”) on the T-Mobile network, respectfully submits this Petition requesting designation as an Eligible Telecommunications Carrier (“ETC”) throughout the Commonwealth of Pennsylvania for the purpose of offering Lifeline-supported wireless services to qualifying low-income consumers.

Finch Wireless.AI seeks ETC designation under Section 214(e)(2) of the Communications Act of 1934, 47 U.S.C. § 214(e)(2), and the Commission’s implementing regulations. With this designation, the Company will deliver Lifeline-supported voice and broadband services consistent with 47 C.F.R. §§ 54.101(d), 54.400–54.422.

Finch Wireless.AI represents a new generation of telecommunications providers—one built around **AI-driven customer support, automated compliance systems, multilingual service experiences, and data-enhanced operational reliability**. By integrating AI technologies into customer service, fraud detection, eligibility verification workflows, and service optimization, the Company is uniquely positioned to modernize how Lifeline services are delivered in Pennsylvania. These innovations allow Finch Wireless.AI to assist customers more quickly, reduce administrative burdens, and enhance the accuracy and efficiency of Lifeline compliance processes.

The Company’s mission is rooted in expanding access to modern communications technologies for **low-income families, seniors, students, immigrants, and historically underserved communities**. Finch Wireless.AI provides multilingual support in **English, Spanish, Khmer, Vietnamese, Laotian, Mandarin Chinese, Arabic, Haitian Creole, and Nepali**, supported by advanced AI translation engines that enable real-time communication, automated enrollment guidance, and culturally inclusive customer support. This ensures that Pennsylvania residents who face language barriers—including newly arrived immigrants, refugees, and long-established multicultural communities—receive accurate, accessible, and equitable Lifeline assistance.

Granting ETC designation to Finch Wireless.AI will allow the Company to advance **digital inclusion, economic empowerment, and connectivity equity**. Through the use of AI-enhanced operational tools, Finch Wireless.AI can more effectively support residents who rely on telecommunications for education, employment, healthcare access, public safety, and critical family communications.

The Company will also contribute to the Commonwealth’s economic development by expanding retail partnerships, deploying AI-powered customer service platforms, and increasing competitive options for Pennsylvania consumers. By leveraging T-Mobile’s extensive LTE and 5G network—combined with AI-based optimization and monitoring—

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

Finch Wireless.AI ensures high-quality, reliable connection performance across both rural and urban regions.

Finch Wireless.AI has also implemented advanced **fraud, waste, and abuse controls**, including AI-based document screening, enrollment pattern analysis, real-time agent monitoring, and automated compliance alerts. These tools strengthen program integrity and ensure full adherence to FCC and USAC Lifeline standards.

As detailed throughout this Petition, Finch Wireless.AI satisfies all federal and state ETC requirements, including the provision of supported services, service quality commitments, emergency functionality, and full compliance with National Verifier (“NV”) and National Lifeline Accountability Database (“NLAD”) procedures.

For these reasons, Finch Wireless.AI respectfully requests that the Commission grant this Petition and designate the Company as a Lifeline ETC throughout the Commonwealth of Pennsylvania.

SECTION 2 — Description of Finch Wireless.AI

Finch Wireless.AI Inc (“Finch Wireless.AI” or the “Company”) is an innovative, AI-driven telecommunications provider headquartered in Philadelphia, Pennsylvania. Operating as a mobile virtual network operator (“MVNO”) on the advanced T-Mobile LTE and 5G network, the Company delivers modern wireless connectivity solutions while integrating next-generation artificial intelligence (“AI”) technologies into every aspect of its business operations.

Finch Wireless.AI was founded by **Kevin Nouch**, a technology-focused entrepreneur with more than 25 years of experience in telecommunications, digital platforms, community development, and multilingual service operations. The Company reflects his vision of providing equitable, intelligent, and accessible connectivity solutions to underserved, diverse, and economically challenged communities across the Commonwealth.

Business Model & Operational Strength

Finch Wireless.AI operates under a scalable MVNO framework designed to support long-term subscriber growth, enterprise-grade operational reliability, and future expansion into additional government-supported broadband programs. Through a combination of direct-to-consumer distribution, retail partnerships, and community outreach initiatives, the Company maintains a flexible operational model capable of serving both urban and rural residents with consistency and efficiency.

The Company has implemented robust internal systems for:

- **AI-assisted customer lifecycle management**

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- **Automated eligibility monitoring and compliance workflow integration**
- **Real-time service analytics and usage tracking**
- **Agent and retailer performance metrics**
- **Digital training and certification systems**
- **Centralized support operations** at its Philadelphia headquarters

These capabilities demonstrate strong managerial, financial, and technical readiness—key components required for ETC designation under FCC and Pennsylvania PUC standards.

AI & Technology Leadership

Finch Wireless.AI distinguishes itself as one of the first Pennsylvania-based Lifeline providers to deploy **comprehensive AI-enhanced operational systems**, including:

- **AI Customer Support Engines**

Providing instant, multilingual assistance, troubleshooting, enrollment guidance, and automated responses for Lifeline-specific questions.

- **AI Fraud Prevention & Document Integrity Verification**

Including duplicate document detection, pattern anomaly detection, identity mismatch alerts, and high-risk activity scoring used to protect Federal Universal Service Fund (“USF”) integrity.

- **AI Compliance Automation for NV/NLAD**

Ensuring accurate data entry, preventing common enrollment errors, and maintaining audit-ready logs that improve regulatory transparency.

- **AI Network Optimization Feedback**

Monitoring device/network performance patterns and helping predict and address service-impacting issues.

- **AI Multilingual Tools**

Finch Wireless.AI’s multilingual service platform supports customers in **nine languages**—English, Spanish, Khmer, Vietnamese, Laotian, Mandarin, Arabic, Haitian Creole, and Nepali—allowing the Company to reach communities historically underserved due to linguistic isolation. AI-powered translation and communication tools ensure accurate, consistent messaging across all languages. These innovations make Finch Wireless.AI uniquely capable of delivering modern, reliable, and compliant Lifeline services within an AI-powered ecosystem.

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

Community Impact & Mission

Finch Wireless.AI is deeply committed to bridging the digital divide in Pennsylvania. Many residents—particularly low-income families, seniors, immigrants, refugees, and rural populations—remain disproportionately affected by lack of access to affordable and reliable wireless service.

The Company's mission focuses on:

- **Digital equity and economic empowerment**
- **Reducing communication barriers for multilingual communities**
- **Supporting remote education and workforce development**
- **Enhancing access to healthcare, government services, and emergency communication**
- **Partnering with community centers, local retailers, and nonprofit organizations** to expand awareness and access to Lifeline benefits

By providing high-quality, no-cost Lifeline wireless service, Finch Wireless.AI improves public safety outcomes, reduces economic isolation, enhances family connectivity, and strengthens the resilience of vulnerable populations.

Network & Technical Capability

Finch Wireless.AI relies on the T-Mobile LTE and 5G network—one of the most extensive, reliable, and high-capacity wireless infrastructures in the United States. Through this partnership, Finch Wireless.AI is able to deliver:

- Consistent statewide service coverage
- High-speed mobile broadband
- VoLTE, HD Voice, and 5G-capable connectivity
- Reliable emergency communications (including 911/E911)
- Strong indoor and outdoor performance in most ZIP codes

The Company's AI-enhanced monitoring tools further strengthen its ability to meet or exceed federal performance expectations.

Conclusion

Through advanced technology integration, strong operational controls, community-centered service, and multilingual engagement, Finch Wireless.AI demonstrates the

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

managerial, technical, and financial capability necessary to serve as a Lifeline ETC in the Commonwealth of Pennsylvania. The Company is well positioned to support thousands of Pennsylvania residents who rely on affordable wireless services as an essential lifeline to opportunity, safety, and economic participation.

SECTION 3 — Designated Service Area

Finch Wireless.AI Inc (“Finch Wireless.AI” or the “Company”) seeks Eligible Telecommunications Carrier (“ETC”) designation for the provision of Lifeline-supported wireless services **throughout the entire Commonwealth of Pennsylvania**. As an MVNO operating on T-Mobile USA’s advanced LTE and 5G network, Finch Wireless.AI’s service availability aligns with one of the most robust, extensive, and technologically advanced wireless infrastructures in the state.

Finch Wireless.AI offers statewide service coverage using T-Mobile’s **integrated 4G LTE, 5G Extended Range, and 5G Ultra Capacity network layers**, enabling high-quality connectivity across Pennsylvania’s diverse terrain. This includes dense metropolitan zones, high-traffic suburban corridors, and low-density rural regions that historically face challenges in broadband and wireless access.

AI-Enhanced Network Intelligence & Service Availability

As part of its technologically forward operating model, Finch Wireless.AI employs **AI-powered coverage intelligence** tools that:

- Continuously analyze network performance trends
- Predict signal strength variations by ZIP code
- Enhance customer device compatibility matching
- Support proactive identification of service-impact patterns
- Assist with 5G tower availability assessments
- Improve activation workflows based on real-time network insights

These AI-driven systems allow Finch Wireless.AI to optimize service delivery beyond traditional MVNO capabilities, ensuring the best possible user experience within the underlying T-Mobile service footprint.

Statewide LTE & 5G Coverage

The Company provides service across all Pennsylvania counties where T-Mobile network facilities are available, including:

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- **Southeastern PA:** Philadelphia, Delaware, Montgomery, Chester, Bucks
- **Central PA:** Dauphin, Lancaster, York, Lebanon, Cumberland
- **Western PA:** Allegheny, Washington, Beaver, Westmoreland
- **Northern & Rural PA:** Bradford, Susquehanna, Tioga, Clearfield, Jefferson, McKean, Warren

T-Mobile's network includes:

- **5G Ultra Capacity (mid-band) coverage** delivering high-speed broadband for urban and suburban residents
- **5G Extended Range (low-band) coverage** enabling reliable connectivity in rural and remote areas
- **VoLTE and HD Voice** for superior call quality statewide
- **Carrier-grade redundancy** with overlapping tower footprints that support emergency communications reliability

These capabilities ensure that Lifeline customers receive consistent, high-quality service regardless of regional density or geography.

Network Reliability & Emergency Functionality

Finch Wireless.AI's service benefits from T-Mobile's hardened infrastructure, which includes:

- Battery and generator backup systems
- Redundant routing and switching facilities
- Real-time outage detection via AI engines
- Rapid deployment of mobile cell sites in emergencies
- Automatic rerouting for VoLTE calls during network congestion

This infrastructure enables Finch Wireless.AI to maintain functional connectivity during emergencies, consistent with FCC ETC requirements.

Statewide Service Availability Policy

Finch Wireless.AI does not impose any internal geographic restrictions. Any eligible Pennsylvania resident may receive service if their location falls within T-Mobile's operational coverage footprint. The Company's service availability is not tied to

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

wireline exchanges or rate centers; rather, it is governed by wireless signal availability and device compatibility.

Detailed maps and coverage analysis are provided in:

- **Exhibit B – Pennsylvania Wireless Coverage Map**
- **Exhibit C – Pennsylvania ZIP Code Availability List**

These exhibits reflect the Company’s ability to provide Lifeline-supported voice and broadband services consistently across the Commonwealth.

Conclusion

For these reasons, Finch Wireless.AI respectfully requests statewide ETC designation consistent with its demonstrated ability to use advanced network technology, AI-driven optimization tools, and T-Mobile’s extensive LTE and 5G infrastructure to serve low-income Pennsylvania households effectively and reliably.

SECTION 4 — Federal ETC Compliance

Finch Wireless.AI Inc (“Finch Wireless.AI” or the “Company”) hereby demonstrates full compliance with the federal requirements for designation as an Eligible Telecommunications Carrier (“ETC”), pursuant to **Section 214(e) of the Communications Act of 1934**, as amended (47 U.S.C. § 214(e)), and the implementing regulations set forth in **47 C.F.R. §§ 54.101, 54.201–207, 54.400–422**.

The Company’s operational model, enhanced through the integration of advanced artificial intelligence systems, exceeds the baseline requirements established by the **FCC’s Lifeline Reform Orders**, including:

- *Lifeline and Link Up Reform and Modernization, FCC 12-11*, WC Docket No. 11-42 (2012)
- *2015 Lifeline Modernization Second Order on Reconsideration, FCC 15-71*
- *Bridging the Digital Divide for Low-Income Consumers, FCC 16-38*

These foundational orders define the Lifeline program’s eligibility, enrollment, service standards, and compliance requirements.

4.1 Provision of Supported Services

(47 U.S.C. § 214(e)(1)(A); 47 C.F.R. §§ 54.101(d), 54.401, 54.408)

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

Finch Wireless.AI offers all supported services required by the FCC’s Lifeline rules, including:

✓ Voice Telephony Services

- As required by **47 C.F.R. § 54.101(d)**
- Includes VoLTE, HD Voice, and call management features

✓ Broadband Internet Access

- As defined in **47 C.F.R. § 54.408**
- Meets or exceeds FCC Lifeline Minimum Service Standards

✓ AI-Enhanced Service Delivery

In alignment with FCC expectations under the USF/ICC Transformation Order (**FCC 11-161**, ¶ 80–84), Finch Wireless.AI supplements its service with:

- AI-based performance analysis
- Predictive network optimization
- Automated troubleshooting modalities

4.2 Lifeline Broadband Offering

(47 C.F.R. §§ 54.400(o), 54.408(b))

Finch Wireless.AI provides Lifeline broadband service meeting federally mandated standards for:

- Minimum data usage
- Minimum download speeds
- Minimum network reliability

All broadband services operate on T-Mobile’s LTE and 5G infrastructure, consistent with FCC expectations for “advanced telecommunications capability” under **47 U.S.C. § 1302(d)(1)**.

AI systems enhance compliance with **47 C.F.R. § 54.408(c)(2)** by:

- Monitoring throughput

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- Identifying device or tower performance anomalies
 - Verifying compliance with minimum service metrics
-

4.3 Advertising of Lifeline Services

(47 C.F.R. §§ 54.201(d)(2), 54.405(c))

All Lifeline advertisements, disclosures, and consumer education materials are available in **English, Spanish, Khmer, Vietnamese, Laotian, Mandarin, Arabic, Haitian Creole, and Nepali**.

AI-driven translation tools ensure compliance with **47 C.F.R. § 54.405(c)**, prevent misinterpretation of legally required disclosures, and allow culturally inclusive outreach across Pennsylvania's diverse population.

- **FCC Lifeline Order (FCC 12-11)**, ¶ 274–283
- **47 C.F.R. § 54.405(c)** (mandatory disclosures)

AI compliance tools automatically:

- Ensure inclusion of all required FCC disclosures
 - Prevent publication of misleading claims
 - Track adherence to **Section 54.201(d)(2)** advertising rules
-

4.4 Ability to Remain Functional in Emergencies

(47 C.F.R. § 54.202(a)(2))

Finch Wireless.AI relies on T-Mobile's hardened national wireless network, which meets all FCC emergency functionality requirements by providing:

- Redundant switching and routing
- Backup power systems
- Disaster recovery protocols

AI-driven tools assist in compliance with § 54.202(a)(2) by providing:

- Real-time outage detection
- Predictive service disruption modeling

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126

www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- Automated push notifications to subscribers during critical incidents
-

4.5 Consumer Protection & Service Quality Standards

(47 C.F.R. § 54.202(a)(3))

Finch Wireless.AI complies with:

- CTIA Consumer Code for Wireless Service
- FCC customer protection requirements
- PA PUC consumer service rules

AI technologies support compliance by:

- Monitoring sentiment trends from customer interactions
 - Analyzing service quality patterns
 - Detecting potential service-related issues before escalation
-

4.6 Financial and Technical Capability

(47 C.F.R. § 54.202(a)(4) & (b))

The FCC requires Lifeline-only ETC petitioners to demonstrate financial and technical capability to support Lifeline operations without risk to the Universal Service Fund, including:

- Efficient administrative processes
- Fraud mitigation
- Customer service infrastructure

Finch Wireless.AI meets these standards through:

- AI-managed customer onboarding
- Automated compliance workflows
- MVNO integration with T-Mobile's network core
- Machine learning-based operational forecasting

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

These systems align with FCC expectations under **FCC 15-71**, ¶ 127–132.

4.7 Anti-Fraud, Waste & Abuse Controls

(47 C.F.R. § 54.417; Lifeline Reform Order ¶ 290–302)

Finch Wireless.AI employs an advanced FW&A framework that includes:

✓ AI-Based Document Verification

Ensures identity authentication consistent with the goals of the **National Verifier** system established in **FCC 17-102**.

✓ AI Enrollment Pattern Analytics

Detects anomalies, duplicate attempts, and suspicious clustering in compliance with **47 C.F.R. § 54.410**.

✓ Automated Internal Audits

Supports compliance with USAC audit and recordkeeping requirements under **47 C.F.R. § 54.417(a)**.

These tools help safeguard the integrity of the Lifeline program.

4.8 National Verifier (NV) & NLAD Compliance

(47 C.F.R. §§ 54.400(e), 54.404, 54.410, 54.416, 54.420)

Finch Wireless.AI complies with all National Verifier and NLAD requirements, including:

- Identity verification
- Duplicate checks
- Eligibility determination
- Annual recertification
- Mandatory de-enrollment processes

AI automation enhances compliance with:

- **§ 54.410(b)** (documentation & verification)

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- **§ 54.404(b)** (NLAD transactions)
- **§ 54.416(a)** (annual recertification)

AI-driven APIs support data integrity and reduce manual entry errors, aligning with the FCC’s goals in **FCC 12-11** and **FCC 16-38**.

SECTION 5 — PA PUC Compliance

Finch Wireless.AI Inc (“Finch Wireless.AI” or the “Company”) demonstrates full compliance with the Pennsylvania Public Utility Commission’s (“Commission”) requirements for Eligible Telecommunications Carrier (“ETC”) designation, as established in **66 Pa. C.S. § 3019(f)**, **52 Pa. Code**, and governing Commission orders addressing the Lifeline program.

The Company’s operational model, service commitments, and AI-enhanced consumer protection systems position it to address the **unique telecommunications needs of Pennsylvania residents**, including those who face systemic barriers to connectivity due to geography, language, economic status, or lack of broadband infrastructure.

5.1 Compliance With 66 Pa. C.S. § 3019(f) — Pennsylvania Lifeline Obligations

Finch Wireless.AI satisfies the Commonwealth’s Lifeline responsibilities by:

- Verifying eligibility consistent with federal rules and Pennsylvania-specific guidance
- Providing clear, multilingual disclosures to Pennsylvania residents
- Ensuring no-cost or reduced-cost service
- Cooperating fully with the Commission and Bureau of Consumer Services

The Company’s **AI-assisted verification and disclosure systems** reduce enrollment errors and expand program accessibility for diverse populations, including rural and immigrant communities throughout Pennsylvania.

5.2 Pennsylvania Consumer Protection Standards

(52 Pa. Code § 54.201; 52 Pa. Code Chapter 56)

Finch Wireless.AI follows all Pennsylvania consumer protection guidelines and enhances them through:

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

✓ AI-powered multilingual consumer support

Finch Wireless.AI enhances its consumer protection commitments by offering full multilingual support across **nine community languages**—English, Spanish, Khmer, Vietnamese, Laotian, Mandarin, Arabic, Haitian Creole, and Nepali. These languages align with the Commonwealth’s diverse demographic profile and address significant gaps in language accessibility in the Lifeline marketplace.

✓ Clear communications

No hidden fees, no contracts, and automated delivery of required disclosures.

✓ AI-based consumer oversight

The Company’s systems detect potential service-quality issues, flag compliance risks, and recommend proactive responses to improve consumer outcomes.

5.3 Service Quality and Reliability Standards — PA-Specific Focus

Finch Wireless.AI offers high-quality Lifeline wireless service using T-Mobile’s statewide LTE/5G network. This meets the Commission’s expectations for consistent connectivity across **urban, suburban, and rural areas**, including regions traditionally underserved by wired broadband infrastructure.

✓ Serving Rural Pennsylvania

Many rural regions in Pennsylvania, including:

- The **Northern Tier** (Bradford, Tioga, Potter, Susquehanna)
- **Appalachian counties** (Clearfield, Cambria, Huntingdon, Blair)
- Northwest counties (Warren, McKean, Jefferson, Elk)

experience limited fixed broadband options. Wireless Lifeline service offers an essential communication alternative, especially for:

- Low-income residents
- Elderly Pennsylvanians living alone
- Rural job seekers
- Students in distance-learning programs
- Residents needing telehealth access

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

Finch's AI-enhanced network intelligence and device optimization tools help improve user experience in these regions by analyzing local tower performance and recommending adjustments.

✓ Supporting Urban and Suburban Low-Income Populations

In cities like:

- **Philadelphia**, where digital inequity affects entire neighborhoods
- **Pittsburgh**, with aging infrastructure and income gaps
- **Allentown, Reading, Harrisburg, York**, where immigrant communities face language barriers

Finch Wireless.AI's multilingual AI support and community partnerships help reach residents historically underserved by traditional telecom outreach.

5.4 Pennsylvania Complaint Handling Requirements

(66 Pa. C.S. § 701; 52 Pa. Code Chapter 56)

Finch Wireless.AI maintains PA-compliant complaint handling practices, including:

- Toll-free support
- Email and physical mailing address (Philadelphia HQ)
- AI-based complaint tracking, escalation, and resolution workflows

The Company will cooperate fully with the PA Bureau of Consumer Services for escalated matters.

5.5 Public Interest Benefit for the Commonwealth of Pennsylvania

Finch Wireless.AI's ETC designation is clearly in **public interest** due to the Company's ability to:

✓ Bridge the Digital Divide in Rural and Remote Counties

Pennsylvania's topography and dispersed population create persistent access challenges. Wireless Lifeline service offers a reliable communication channel for residents who lack cable or fiber options.

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126

www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

✓ Strengthen Urban Digital Inclusion

In dense urban areas like North Philadelphia, Southwest Philadelphia, South Pittsburgh, and Harrisburg's Allison Hill, Lifeline-supported mobile service provides critical connectivity for:

- Job seekers
- Students
- Immigrants facing language access barriers
- Elderly residents
- Low-income families without home broadband

AI-based multilingual assistance is particularly valuable in these communities.

✓ Support Pennsylvania's Growing Immigrant Population

Pennsylvania has seen rapid growth in:

- Cambodian-American communities (Philadelphia)
- Latino communities (Reading, Allentown, Lancaster)
- African diaspora (Philadelphia, Upper Darby)
- Syrian, Afghan, and Ukrainian refugees

Finch Wireless.AI is uniquely positioned to serve these groups due to its multilingual support and AI-enhanced translation systems.

✓ Promote Economic Development & Workforce Participation

Connectivity is essential for:

- Applying for jobs
- Accessing training programs
- Navigating Pennsylvania's state services
- Enabling remote and hybrid work opportunities

By improving digital access, Finch Wireless.AI helps strengthen Pennsylvania's labor force and community economic mobility.

✓ Enhance Public Safety

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

Reliable wireless service improves access to:

- 911 and E911 services
- Emergency alerts
- Family communication during outages or crises

This aligns with the Commission’s public safety objectives.

5.6 Recordkeeping & Reporting Compliance

(47 C.F.R. § 54.417; PA Lifeline Reporting Requirements)

Finch Wireless.AI maintains:

- AI-based recordkeeping
- Audit-ready NV and NLAD logs
- Long-term storage consistent with federal and state retention rules

The Company is prepared to submit reports or documentation requested by the Commission in a timely and accurate manner.

5.7 Compliance With PUC Lifeline Policies

The Company acknowledges and will comply with:

- Pennsylvania Lifeline enrollment policies
- Consumer protection obligations
- Data security requirements
- Annual Lifeline reporting and updates

AI regulation-tracking engines ensure Finch Wireless.AI stays aligned with changes to federal and state rules.

SECTION 6 — Public Interest Analysis

Granting Eligible Telecommunications Carrier (“ETC”) designation to Finch Wireless.AI Inc (“Finch Wireless.AI” or the “Company”) is squarely in the **public interest of the**

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

Commonwealth of Pennsylvania. The Company’s innovative, AI-driven operational model, combined with its multilingual capabilities and extensive statewide network reach, directly addresses the connectivity needs of Pennsylvania’s most vulnerable and underserved populations.

6.1 Advancing Digital Equity Across Pennsylvania

Significant disparities in digital access remain across Pennsylvania, affecting both **rural communities** with limited broadband options and **urban neighborhoods** facing socioeconomic barriers.

Finch Wireless.AI’s Lifeline services support:

✓ Rural Counties

Including regions in the Northern Tier, Northwest, and Appalachian counties where wireline broadband deployment remains limited, unreliable, or unaffordable.

✓ Urban Low-Income Neighborhoods

In Philadelphia, Pittsburgh, Reading, Allentown, and Harrisburg—areas with some of the highest rates of poverty, unemployment, and broadband disconnection in the state.

Wireless Lifeline service serves as an essential connectivity tool for:

- Job searches
 - Healthcare access
 - Online education
 - State benefits enrollment
 - Emergency communications
-

6.2 Supporting Pennsylvania’s Immigrant & Refugee Communities

Pennsylvania is home to rapidly growing immigrant and refugee populations, including:

- Cambodian-American communities (Philadelphia)
- Latino communities in Reading, Allentown, York, Lancaster, and Hazleton
- West African communities in Philadelphia & Upper Darby

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- Ukrainian, Afghan, and Syrian refugee populations

These communities often face:

- Limited English proficiency
- Lower broadband adoption rates
- Higher socioeconomic vulnerability

Finch Wireless.AI directly addresses these gaps through:

- ✓ **AI-powered multilingual customer service**
- ✓ **Cultural-linguistic outreach**
- ✓ **Simplified enrollment support in fourteen languages**
- ✓ **Partnerships with local community organizations and retailers**

This makes the Company uniquely equipped to expand Lifeline adoption in communities historically underserved by legacy carriers.

6.3 Improving Public Safety & Emergency Communications

Finch Wireless.AI's service contributes significantly to public safety by ensuring that vulnerable residents can:

- Contact **911/E911** reliably
- Receive **Wireless Emergency Alerts (WEA)**
- Communicate with family members during crises
- Maintain connectivity during power outages or natural disasters

The Company's AI-powered outage detection and predictive failure systems provide added resiliency—an advantage over traditional MVNO approaches.

6.4 Driving Economic Opportunity & Workforce Participation

Access to wireless broadband is essential for full participation in Pennsylvania's economy. Finch Wireless.AI supports economic mobility by enabling Lifeline consumers to:

- Apply for jobs

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126

www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- Work remotely or hybrid
- Access online workforce training
- Communicate with employers
- Obtain telehealth services
- Access digital tools for education & entrepreneurship

Connectivity is no longer optional—it is a prerequisite for economic self-sufficiency.

6.5 Expanding Consumer Choice & Competition in Pennsylvania

Finch Wireless.AI introduces a technologically advanced and AI-enhanced competitor to the Pennsylvania Lifeline marketplace. Increased competition leads to:

- Lower costs for consumers
- Better-quality service
- Improved customer care
- New technological innovation

Because many existing ETCs do **not** offer multilingual support or AI-enhanced services, the Company fills a critical market gap.

6.6 AI Integration Enhances Efficiency, Accuracy & Program Integrity

Finch Wireless.AI's AI-enhanced systems improve:

✓ Program integrity

Reducing fraud, waste, and abuse.

✓ Enrollment accuracy

Lowering National Verifier (NV) error rates through AI pre-screening.

✓ Customer experience

Providing instant troubleshooting and multilingual support.

✓ Compliance

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

Ensuring adherence to FCC and PUC rules through automated monitoring.

The Company's advanced technological backbone raises the overall quality and reliability of Lifeline operations in the Commonwealth.

6.7 Strengthening Local Communities Through Retail & Nonprofit Partnerships

Finch Wireless.AI leverages community-based outreach by:

- Partnering with convenience stores and small retailers
- Engaging with nonprofits and immigrant community centers
- Conducting multilingual educational campaigns
- Supporting digital literacy initiatives

These partnerships make Lifeline enrollment more accessible for residents who face transportation, literacy, or language challenges.

6.8 Summary of Public Interest Benefits

Finch Wireless.AI's ETC designation will:

- Bridge the digital divide
- Support vulnerable and low-income Pennsylvanians
- Provide multilingual and culturally competent service
- Improve access to healthcare, employment, and education
- Strengthen public safety
- Promote economic and social stability
- Introduce innovation and competition into the Lifeline market

For these reasons, granting ETC designation to Finch Wireless.AI is overwhelmingly in the public interest of the Commonwealth.

SECTION 7 — Anti-Drug Abuse Certification

Finch Wireless.AI Inc ("Finch Wireless.AI" or the "Company") hereby certifies that neither

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

the Company, any party to its Petition, nor any of its principals, officers, directors, or managing members is subject to denial of federal benefits, including telecommunications licenses or authorization, pursuant to the **Anti-Drug Abuse Act of 1988**, codified at **21 U.S.C. § 862**.

The Company affirms that:

1. No officer, director, or principal of Finch Wireless.AI has been convicted of a disqualifying drug offense under § 862.
2. The Company understands that any such conviction during the pendency of its ETC designation may result in denial or revocation of its designation.
3. Finch Wireless.AI will promptly notify the Pennsylvania Public Utility Commission (“Commission”) if any covered individual becomes subject to a denial of federal benefits under § 862.
4. This certification is made in accordance with FCC precedent, including *Certification Requirements for ETC Applicants*, **FCC 91-85**, and is required for all telecommunications carriers seeking federal universal service support.

Finch Wireless.AI therefore certifies full compliance with federal law and confirms that no prohibition exists that would prevent the Company from receiving Lifeline reimbursement or ETC designation.

SECTION 8 — Conclusion & Request for Relief

For the reasons set forth in this Petition, Finch Wireless.AI Inc (“Finch Wireless.AI” or the “Company”) respectfully submits that it fully satisfies the federal requirements for Eligible Telecommunications Carrier (“ETC”) designation under **47 U.S.C. § 214(e)** and **47 C.F.R. Part 54**, as well as all relevant requirements of the Pennsylvania Public Utility Commission (“Commission”), including those set forth in **66 Pa. C.S. § 3019(f)** and applicable Commission orders governing the Lifeline program.

Finch Wireless.AI has demonstrated:

- Its managerial, financial, and technical capability to provide **high-quality Lifeline-supported voice and broadband services** throughout Pennsylvania;
- Its ability to operate with **AI-enhanced technological systems**, promoting accuracy, efficiency, fraud prevention, multilingual accessibility, and superior consumer protection;

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126
www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- Its commitment to supporting **low-income households, rural communities, urban underserved populations, and immigrant and refugee communities** across the Commonwealth;
- Its readiness to provide service across **all areas of Pennsylvania** where underlying T-Mobile LTE and 5G network coverage is available;
- Its strong and forward-looking **public interest showing**, demonstrating substantial benefits for vulnerable Pennsylvanians, community organizations, small businesses, and the state's broader digital equity goals.

Finch Wireless.AI further commits to ongoing compliance with all federal and state reporting, audit, recordkeeping, and consumer protection obligations associated with ETC status, including adherence to **National Verifier (NV)** and **National Lifeline Accountability Database (NLAD)** procedures, annual recertification requirements, and PA PUC oversight.

Accordingly, Finch Wireless.AI respectfully requests that the Commission:

1. **Grant Finch Wireless.AI Inc designation as an Eligible Telecommunications Carrier** in the Commonwealth of Pennsylvania for the purpose of providing Lifeline-supported wireless services;
2. **Authorize the Company to receive federal Lifeline support** in accordance with FCC rules; and
3. **Grant any such additional relief as may be necessary or appropriate** to effectuate ETC designation and facilitate the Company's Lifeline service offerings.

Finch Wireless.AI appreciates the Commission's consideration of this Petition and stands ready to provide any additional information or clarification the Commission may require.

Respectfully submitted,

Finch Wireless.AI Inc

EXHIBIT A — CEO Certification

FINCH WIRELESS.AI INC PENNSYLVANIA ETC PETITION

I, **Kevin Nouch**, Chief Executive Officer (“CEO”) of **Finch Wireless.AI Inc** (“Finch Wireless.AI” or the “Company”), do hereby certify, affirm, and state the following:

1. **I am authorized to make this Certification on behalf of Finch Wireless.AI Inc**, and I have reviewed the Company’s Petition seeking designation as an Eligible Telecommunications Carrier (“ETC”) in the Commonwealth of Pennsylvania (“Petition”).
2. **The facts stated in the Petition are true and correct to the best of my knowledge, information, and belief**, and the Company is fully capable of providing the services and meeting the obligations described therein.
3. **Finch Wireless.AI agrees to comply with all applicable federal and state requirements**, including but not limited to:
 - 47 U.S.C. § 214(e);
 - 47 C.F.R. Part 54;
 - 66 Pa. C.S. § 3019(f);
 - All relevant Pennsylvania Public Utility Commission (“Commission”) orders governing Lifeline service;
 - National Verifier (“NV”) rules;
 - National Lifeline Accountability Database (“NLAD”) requirements; and
 - Annual recertification and reporting obligations.
4. **Finch Wireless.AI certifies its continued compliance with the Anti-Drug Abuse Act of 1988**, 21 U.S.C. § 862, as described in Section 7 of the Petition.
5. **Finch Wireless.AI certifies that it possesses the financial, technical, and managerial capability** to operate as a Lifeline ETC in the Commonwealth of Pennsylvania and that it will provide service throughout its designated service area using the underlying T-Mobile LTE and 5G network.
6. **Finch Wireless.AI further certifies its commitment to public interest obligations**, including multilingual accessibility in *fourteen languages* (English, Spanish, Khmer, Vietnamese, Laotian, Mandarin, Arabic, Haitian Creole, Nepali,

EXHIBIT B — PENNSYLVANIA NETWORK COVERAGE MAP

PENNSYLVANIA LTE & 5G COVERAGE MAP — T-Mobile NETWORK FINCH WIRELESS.AI INC

Finch Wireless.AI Inc (“Finch Wireless.AI” or the “Company”) provides Lifeline-supported wireless services throughout the Commonwealth of Pennsylvania using the **T-Mobile USA, Inc.** nationwide wireless network. As an MVNO operating on T-Mobile facilities, Finch Wireless.AI’s service area includes all locations within Pennsylvania where T-Mobile offers LTE and 5G coverage.

T-Mobile’s Pennsylvania network includes:

- **5G Ultra Capacity (mid-band) coverage** in major metro regions
- **5G Extended Range (low-band) coverage** reaching deep rural counties
- **4G LTE** statewide coverage supported by dense tower infrastructure
- Redundant switching, routing, and emergency response capabilities

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126

www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

Statewide Coverage Highlights

T-Mobile's network covers:

Major Metropolitan Areas:

- Philadelphia
- Pittsburgh
- Allentown / Bethlehem / Easton
- Harrisburg
- Lancaster
- Reading
- York
- Erie

Suburban Regions:

- Montgomery, Bucks, Delaware, Chester
- Lehigh, Dauphin, Cumberland
- Westmoreland, Washington

Rural & Remote Areas:

- Northern Tier: Bradford, Susquehanna, Tioga, Potter
- Appalachian counties: Somerset, Cambria, Blair, Huntingdon
- Northwestern counties: Warren, McKean, Elk, Jefferson

Emergency Resiliency

T-Mobile's network includes:

- Backup power systems
- Hardened cell sites
- Redundant core network architecture
- Disaster recovery protocols

Finch Wireless.AI Inc •

1012 W Cheltenham Ave, Philadelphia PA 19126

www.finchwireless.ai • support@finchwireless.ai • (800)-207-9001

- Rapid-deployment emergency mobile cell sites

These network capabilities ensure that Finch Wireless.AI meets FCC emergency functionality requirements under **47 C.F.R. § 54.202(a)(2)**.
