Rules and Regulations

These rules and regulations represent a binding legal agreement between Wonderview Sanitary Facilities and every customer using sewage here described.

2. Application For Service Connection and Service

(a) Only property owners may apply for a service connection and this shall be done upon a form supplied by the company. The form will be sent to the owner upon request or the owner may get a form at the company's place of business.

(b) Upon completion of the form by the property owner, company will approve the application if all requirements herein are met and no facts appear as to the potential connection which would cause or be a violation of the law or the rules of this tariff.

(c) It shall be considered a breach of the contract between owner and company if the owner or tenant permits other persons to use or connect into the service line of owner, which said person could not have reasonably anticipated by company to be a user of the service line.

(d) Violations of these rules by owner shall be considered a violation of the agreement between owner and company and company may then disconnect service with appropriate written notice to owner, of the violation.

(e) Reconnection thereafter shall not be accomplished by company until the violation will not be repeated and owner has paid to company the reconnection charge, along with any outstanding bill for service.

3. Definitions:

Customer

(a) Customer shall be the person contracting for service.

Fremises

(b) Fremises shall be any building or buildings occupied by one family or one business, or any part of a building occupied by one family or one business.

Company

(c) Company shall be Wonderview Sanitary Facilities.

## Connections and Disconnections

(d) Connections and disconnections shall bear the association of resumption of service and the termination thereof respectively.

Connections and disconnections shall be done by the company only, or persons authorized by the company to do so. Manner of connection and construction of connections shall be in the absolute discretion of the company.

## 4. Service Connections - Company Obligations - Customer obligations.

(a) The company shall make all connections to its street sewers and will furnish, install, and maintain all laterals from the sewer to a point immediately inside the portion of the customer's property which abuts the street or road, all of which service line shall be the property of the company and shall be accessible to and under its control.

(b) Service lines shall run from premises to property line or curb, and be of a type authorized by company. The laying of this pipe shall be inspected and approved by company prior to the ditch being closed.

Vents, traps and vent stacks shall be inspected and approved by company. Company reserves the right to designate material to be used and construction methods of the foregoing. ANY damage or injury resulting from placement of the foregoing by customer shall be the responsibility of the customer.

No main drain shall be less than 8 inches in diameter unless company has first approved the pipe.

No water of any kind or from any source, except water actually used on the premises shall be permitted to enter the sewage system lines.

All pipe and connections must be first approved by company; no cesspools or other depository facilities shall be permitted to drain into the sewage system.

All installation and laying of pipes and vents and other incidentals to be inspected by company prior to being covered.

All pipes shall be of a type approved by company and shall be of premium seal variety.

All traps must be a minimum of 18 inches vent from the premises.

All vent stacks shall be of a type approved by company and shall be of premium seal variety. All vent stacks shall be inspected and approved by company prior to being covered.

Wardensville Sanitary Facilities

Sewer-Pa. P.U.C. No. 2

Original Page No. 7

Pipe shall be laid at a fall of two (2) percent slope.

No repair or alteration of company connections shall be made unless application is first made to company and approved.

### 5. Bill and Billing

Bills for sewerage service will be rendered as specified on the schedule of rates and are due and payable upon presentation for service in arrears. If a bill is not paid within twenty (20) days after it has been rendered service may be terminated after due notice in writing and will not be reconnected until the amount due plus the reconnection charge is paid in full.

#### Cost of Reconnection

This cost shall be reasonable, based upon current costs of labor, fuels and equipment necessary to accomplish the reconnection.

### 6. Leaks, Stoppages and/or Defective Plumbing

The company shall not be liable for any damage or expense resulting from leaks, stoppages or defective plumbing or from any other cause occurring to any premises, or within any house or building and it is expressly stipulated by and between the company and the customer that no claims shall be made against the said company in account of the breaking, stoppage or any damage or expense to any service lines on said property. All balances due after the twenty (20) day period are subject to a 1 1/2 % charge per month.

### 7. The Company Can Control Service

The company shall not be liable for a deficiency or failure of service when occasioned by an emergency or to make repairs or connections or failure from any cause beyond its control.

### 8. Vacating Premises

Customer must give notice to company thirty (30) days in advance of a vacancy of the premises. New customers must make new application.

9. Privilege to Investigate

The company shall have the right by its employees to have access to all reasonable times to all parts of any premises connected with the system for the purpose of examining and inspecting the connections and fixtures, or for disconnecting service for any proper cause.

10. Changing Rules and Rates

The company reserves the right to change or amend, from time to time, these rules, regulations and rates, in accordance with law.

11. Rules cannot be varied for Company's board

No officer or employee of the company can vary these rules without action of the board of directors, and no agent or employee or representatives of the company can bind it by any agreement except when authorized in writing by an executive officer of the company to do so.

12. Main Extension

Main Extension of sewer outside this development is impossible due to the slope of the land outside the development, it is to steep to be approved for building purposes.

never went into effect.

15. Metered Service

(a) Where a customer receives metered water service, charges for sanitary sewer service shall be determined based upon metered usage of water in accordance with Water-Pa. P.U.C. No. 1 of Wanderview Water Co.

(b) The quantity of water recorded by the water meter or the company's estimate, in accordance with the company's regular procedures, shall be conclusive on both the customer and the company, except when the meter has been found to be registering inaccurately or has ceased to register. In such case, an estimated quantity may be determined on the basis of meter registration or such regular estimating procedures during similar preceding periods. No assessment of sewer charges will be made for leaks or for water wasted by damage or defective fixtures, except as described in 52 Pa. Code Section 56.12 (b).

(c) Where a customer previously has received flat-rate water service and where, thereafter, water service to the customer is metered, sewer service will be based upon metered usage of water in accordance with Water-Pa. P.U.C. No. 1 of Wanderview Water Co.

(d) Where a separate water meter has been installed for each individual unit in a commercial or industrial center or for each dwelling or other unit in an apartment building or condominium building or apartment complex or condominium complex, sewer service charges will be calculated based upon each meter and each meter reading.
