Due to an increase in customer emails, our response times have been delayed. We regret this delay and are happy to assist you.</p> <p>██████████ your account number ██████████ is enrolled in the Equal Payment Plan (EPP). You are billed based upon your average usage, not based upon the current consumption of the previous billing period. July is the anniversary month of your EPP and any difference between your usage and your total of budget payments is added or credited to your bill.</p> <p>██████████ had a budget difference of -\$477.78, and your usage has been significantly lower compared to this time last year, which caused your total usage to be less than the total of budget payments.</p> <p>At the time of billing, no payment had been received from the previous billing period.
