- A. The ANI recipient or its designated billing agent may use or transmit ANI information to third parties for billing and collection, routing, screening, ensuring network performance and completion of a telephone subscriber's call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction.

4.2.1 Description

BOBs Long Distance Rate Plans are offered to new and renewing Customers of the Company's bundled packages of business line, trunk and ISDN services that include an initial toll usage allowance. The terms, conditions and rates for those services can be found in the local exchange price lists. This plan is restricted to Customers who have selected the Company as their long distance toll provider of IntraLATA and InterLATA toll or InterLATA toll.

BOBs Long Distance Service applies both to inbound calls (i.e., calls originated via normal shared use facilities and terminated via the Customer's local exchange service access line) and outbound calls (i.e., calls originated by a Customer presubscribed to the Company's long distance service where the Customer dials 1+ the area code and number desired in order to complete the call). BOBs minutes are limited to domestic toll usage and exclude international, local, calling card and switchless traffic.

In order to be eligible for this product, the monthly long distance traffic must be at least 40% interstate. Customer understands and accepts that if for three consecutive months the intraLATA / intrastate minutes of use ("MOU") make up more than 60% of the overall monthly traffic, the Company has the right to remove the BOBs rate plan and change the rate per minute to the Intrastate Long Distance Service rates.

BOBs calls are billed in six (6) second increments with a minimum initial billing period of six (6) seconds. Partial increments are rounded up to the next full increment on a per call basis. Fractional cents will be rounded to the next higher cent. The minimum charge per call is \$0.01 (one cent).

The Customer may select BOBs of either 1000, 3000 or 5000 minute bundles for a flat monthly fee based on total estimated usage tiers. The Company reserves the right to reassign the usage tier for the Customer failing to meet usage tiers estimated volumes. The Customer may select any combination of bucket bundles. Usage beyond the minutes of use included in the bucket bundle will be billed at the BOB additional minute rate.

Unused minute may not be credited or carried over to the next month.
