TUS Data Request Set 2

Application of Aqua Pennsylvania, Inc. for approval of the right to offer, render, furnish or supply water service to the public in an additional portion of East Brandywine Township, Chester County, Pennsylvania at Docket No. A-2025-3057896

Note: Please restate the data request prior to providing a response. In addition, provide the name and title of the person(s) providing the response and/or information for each data request.

- A-13. Please provide the anticipated source of funds for the estimated future main extension cost of \$2,680,750 to construct the proposed main extensions on Keller Way, School Lane, Kristen Circle and Quail Hill Lane that Aqua indicated in response to Data Request A-3.
- A-14. In the Application's Paragraph 17, Aqua certified that there is adequate capacity to supply, treat, store and distribute 370,740 gallons per month for the Elementary School and the 82 additional existing single-family homes. However, Aqua's response for Data Request A-5 identified that in year one, Aqua also expects to serve the East Brandywine Township Park, which has an estimated water demand of 850 gallons per day, or approximately 25,500 gallons per month. Please confirm that Aqua can provide adequate water supply, treatment, storage, and distribution capacity to meet present and future demands in the requested territory, including the East Brandywine Township Park.
- A-15. Aqua's response for Data Request A-6 did not identify any customer connections or estimated annual revenues and expenses for the Elementary School's private fire service connection and the three public fire hydrants identified in the Application's Section 13. Please provide a revised response for Data Request A-6 that includes the estimated annual revenues and expenses for the private fire service connection and three public fire hydrants.
