General information: Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Understanding Your Bill
Act 129 Compliance Rider - Monthly charge to recover costs for energy efficiency and conservation programs approved by the PUC.
Customer Charge - The basic service charge to partially cover costs for billing, meter reading, equipment and service line maintenance. If you select a new supplier, the name, address and telephone number for both your distribution and supplier company will appear on your bill.
Distribution Charge (Delivery) - Part of the basic service charges on every customer's bill for delivering electricity from the electric distribution company to your home or business. The distribution charge is regulated by the Public Utility Commission. This charge will vary according to how much electricity you use.
Kilowatt-hour (kWh) - The basic unit of electric energy for which most customers are charged in cents per kilowatt-hour. A kilowatt-hour is the equivalent of using ten 100-watt light bulbs for one hour.

Spring Power & Gas Customer Services
 144 North 7th Street # 417
 Brooklyn, NY 11211

General information: Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Understanding Your Bill

- Act 129 Compliance Rider** - Monthly charge to recover costs for energy efficiency and conservation programs approved by the PUC.
- Customer Charge** - The basic service charge to partially cover costs for billing, meter reading, equipment and service line maintenance. If you select a new supplier, the name, address and telephone number for both your distribution and supplier company will appear on your bill.
- Distribution Charge (Delivery)** - Part of the basic service charges on every customer's bill for delivering electricity from the electric distribution company to your home or business. The distribution charge is regulated by the Public Utility Commission. This charge will vary according to how much electricity you use.
- Kilowatt-hour (kWh)** - The basic unit of electric energy for which most customers are charged in cents per kilowatt-hour. A kilowatt-hour is the equivalent of using ten 100-watt light bulbs for one hour.

Understanding Your Bill

- Act 129 Compliance Rider** - Monthly charge to recover costs for energy efficiency and conservation programs approved by the PUC.
- Customer Charge** - The basic service charge to partially cover costs for billing, meter reading, equipment and service line maintenance. If you select a new supplier, the name, address and telephone number for both your distribution and supplier company will appear on your bill.
- Distribution Charge (Delivery)** - Part of the basic service charges on every customer's bill for delivering electricity from the electric distribution company to your home or business. The distribution charge is regulated by the Public Utility Commission. This charge will vary according to how much electricity you use.
- Kilowatt-hour (kWh)** - The basic unit of electric energy for which most customers are charged in cents per kilowatt-hour. A kilowatt-hour is the equivalent of using ten 100-watt light bulbs for one hour.
- kWh Delivered** - The amount of electricity we delivered to you for your use.
- Storm Damage Expense Rider** - Monthly charge to recover certain costs to make repairs after major storms.
- System Improvement Charge** - Monthly charge to recover costs for improving repairing and replacing equipment that delivers electricity to your home or business.
- Smart Meter Rider** - Monthly charge to recover costs associated with the smart meter programs approved by the PUC.
- State Tax Adjustment Surcharge** - Monthly charge or credit to reflect changes in various state taxes. The surcharge may vary by bill component.
- Tax Cut and Jobs Act Credit** - Monthly adjustment for federal tax changes.

Enroll in Automatic Bill Pay

Enroll in Automatic Bill Pay (ABP) and your monthly electric payment will be automatically deducted from your bank checking account. To enroll, sign and date this form and return your check payment (voided check not required). Money orders, cashier and foreign checks do not qualify for enrollment.

I authorize PPL Electric Utilities to automatically deduct from the checking account as shown on my enclosed check, all future payments for the PPL Electric Utility bill account number listed on this payment stub. I will notify PPL Electric Utilities if I decide to cancel this authorization.

To enroll in automatic bill payment, _____ Date _____
 Checking Account holder sign here

Note: To enroll a savings account in automatic bill pay visit ppelectric.com/autopay.

General information: Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Understanding Your Bill

- Act 129 Compliance Rider** - Monthly charge to recover costs for energy efficiency and conservation programs approved by the PUC.
- Customer Charge** - The basic service charge to partially cover costs for billing, meter reading, equipment and service line maintenance. If you select a new supplier, the name, address and telephone number for both your distribution and supplier company will appear on your bill.
- Distribution Charge (Delivery)** - Part of the basic service charges on every customer's bill for delivering electricity from the electric distribution company to your home or business. The distribution charge is regulated by the Public Utility Commission. This charge will vary according to how much electricity you use.
- Kilowatt-hour (kWh)** - The basic unit of electric energy for which most customers are charged in cents per kilowatt-hour. A kilowatt-hour is the equivalent of using ten 100-watt light bulbs for one hour.

--	---

General information: Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Understanding Your Bill

- Act 129 Compliance Rider** - Monthly charge to recover costs for energy efficiency and conservation programs approved by the PUC.
- Customer Charge** - The basic service charge to partially cover costs for billing, meter reading, equipment and service line maintenance. If you select a new supplier, the name, address and telephone number for both your distribution and supplier company will appear on your bill.
- Distribution Charge (Delivery)** - Part of the basic service charges on every customer's bill for delivering electricity from the electric distribution company to your home or business. The distribution charge is regulated by the Public Utility Commission. This charge will vary according to how much electricity you use.
- Kilowatt-hour (kWh)** - The basic unit of electric energy for which most customers are charged in cents per kilowatt-hour. A kilowatt-hour is the equivalent of using ten 100-watt light bulbs for one hour.

Understanding Your Bill

- kWh Delivered** – The amount of electricity we delivered to you for your use.
- Storm Damage Expense Rider** - Monthly charge to recover certain costs to make repairs after major storms.
- System Improvement Charge** - Monthly charge to recover costs for improving, repairing and replacing equipment that delivers electricity to your home or business.
- Smart Meter Rider** - Monthly charge to recover costs associated with the smart meter programs approved by the PUC.
- State Tax Adjustment Surcharge** - Monthly charge or credit to reflect changes in various state taxes. The surcharge may vary by bill component.
- Tax Cut and Jobs Act Credit** - Monthly adjustment for federal tax changes.
- Type(s) of Meter Readings:**
 - Actual** - Measures your monthly electricity use based on an actual reading.

Informal Final Report
Details of the Company's Original Investigation

10/7/2024- Artem Shyshykov contacted PPL Electric Utilities (PPL EU or the Company) with the assistance of an interrupter regarding the previous bills rendered. The Customer Service Representative (CSR) reviewed the customer's account and explained the customer has a supplier (Spring Power & Gas) that is charging a rate of \$14.7 cents/kWh compared to PPL EU rate of \$10.04 cents/kWh. The CSR reviewed the bills rendered on 8/5, 9/3 and 10/3. The CSR attempted to completed a home analysis, however, the Company records indicate they were unable to complete it. The CSR advised the customer can pay \$35.00 to have the meter test to which the customer declined. The CSR advised \$395.18 is due on 10/24. The customer advised he will be changing supplier online. Since the customer indicated he was not satisfied, the Company suspended the customer's account and sent a written utility report. (letter attached)

Note: A home analysis is an extensive probe the Company offers to assist customers with understanding their bills. The analysis utilizes specific details of the customer's home, such as the number of occupants, the heat source, appliances and insulation, to provide the customer with detailed information on where the electric is being used.

10/15/2024- Artem Shyshykov contacted the Company with the assistance of an interrupter regarding the energy usage. The customer indicated he has a heater on, but is comparing usage with his neighbor and advised his usage is double. The CSR explained the bills rendered are actual usage and not based on estimates. The Company records show the customer declined meter information. Since the customer indicated he was not satisfied, the Company suspended the customer's account and sent a written utility report. (letter attached)

10/21/2024- Artem Shyshykov contacted the Company with the assistance of an interrupter to review the usage on the account. The CSR advised the usage has been consistent until the last two months. The customer advised he turned the temperature down on the hot water heater two months ago. The CSR provided further information on how to test circuits and read meter.

11/26/2024 (Date of last contact)- Artem Shyshykov contacted the Company with the assistance of an interrupter due to the increase in their usage. The CSR reviewed the bills rendered in August, September, October and November. The CSR advised a daily usage increase started with the September bill and continued. The customer indicated nothing new has been added to the home. The CSR provided further information on how to obtain a meter test and recommended the customer continue to track their usage. The Company records show the customer understood the information. Since the customer indicated he was not satisfied, the Company suspended the customer's account and sent a written utility report. (letter attached)

Company's Final Position to the Customer

Artem Shyshykov contacted the Company with the assistance of an interrupter due to the increase in their usage.

The CSR reviewed the bills rendered in August, September, October and November.

The CSR advised a daily usage increase started with the September bill and continued.

The customer indicated nothing new has been added to the home.

The CSR provided further information on how to obtain a meter test and recommended the customer continue to track their usage.

The Company records show the customer understood the information.

Since the customer indicated he was not satisfied, the Company suspended the customer's account and sent a written utility report. (letter attached)

Details of Company's Investigation after BCS Contact

Note: The Company has no records to support it speaking to the customer about the concerns raised in this complaint case, prior to contacting the PUC.

Company's Final Position to BCS

The Company billed the customer on actual Automated Meter Reader (AMR) readings.

56.2 AMR (Automatic Meter Readings) (iii) states that all readings by an AMR shall be deemed actual readings for the purposes of this chapter.

This customer did not receive estimated bills.

The Company recognizes the customer's usage is higher than previous years. The billed usage is based on actual meter readings and therefore, the bills are considered correct as rendered.

From 8/1/2024 to 8/30/2024 the customer used 1263kWh. From 8/1/2023 to 8/30/2023, the customer used 612kWh.

From 8/30/2024 to 10/1/2024 the customer used 1958kWh. From 8/30/2023 to 9/29/2023, the customer

used 715kWh.

From 10/1/2024 to 10/30/2024 the customer used 1734kWh. From 9/29/2023 to 10/30/2023, the customer used 662kWh.

From 10/30/2024 to 12/2/2024 the customer used 3127kWh. From 10/30/2023 to 11/30/2023, the customer used 862kWh.

The Company will test electric meters in accordance to its Commission-approved tariff.

The Company, as per its tariff, charges a fee for this service (Tariff Rule 8D). For residential customers, the cost to test an electric meter is \$35.00. The customer must pay the fee prior to the test.

The customer's account balance is \$0.00. The customer's next meter read is approximately 1/6/2025.

The Company included the necessary attachments with its report.

ARTEM SHYRSHYKOV
53 PENNWICK DR UNIT A
LITITZ, PA 17543

March 28, 2025

Bill Account Number: [REDACTED]

Dear ARTEM SHYRSHYKOV:

On 11/26/2024, you contacted us to discuss the amount of your electric bill (bill period ending 11/01/2024).

To assist you with understanding your electricity consumption and the resulting bill, we reviewed your usage history. We discussed your energy usage, which among other things, looks at the size of your home or business, number of occupants, the heating and cooling sources, and appliances. We conducted the analysis to learn more about your home and your energy consumption.

Because you still had concerns about the amounts of your bills, we offered to test the accuracy of the electric meter at your home or business. As a one-time courtesy, we agreed to waive the \$35 meter test fee. You accepted this service.

We tested your meter and have enclosed the report from the test. Based on the results, your electric meter was recording your electricity consumption accurately. Based on our review, your bills are correct.

Lastly, we encourage you to view and monitor your electricity use regularly on our website at pplelectric.com. If you have not already done so, you will need to create a username and password to link your bill account number to your profile.

After logging into your account, at pplelectric.com, you will see a graph of electricity use. To the right of that graph, select View Usage Details. This application lets you track your home's energy use. It also shows the average daily temperature. The weather has a direct impact on electricity usage for homes that rely on electricity for heating or cooling. Using this site regularly will improve your understanding of your electricity use and might help you find ways to save money on future bills.

We have enclosed an account activity statement for your reference. Your balance of \$0.00 is due on 03/27/2025. If you cannot pay the bill in full, please visit our website at ppllectric.com or call us.

You can pay your bill:

- Electronically, at ppllectric.com.
- By phone at 1-800-342-5775.
- By mail, send your payment to PPL electric Utilities, PO Box 419054, St. Louis, MO 63141.
- In person, at a bill payment center (service fee applies). See list of payment centers at ppllectric.com/paybill.
- By credit or debit card, by calling Paymentus at 1-844-278-3310, (service fee applies) to pay using Visa, MasterCard, Discover or debit card.

If you have questions or need more information, please visit ppllectric.com or call us at 1-800-342-5775. Customer service is available 24/7 for emergencies and outages, and 8 a.m. to 5 p.m. Monday through Friday for all other questions.

Sincerely,

PPL Electric Utilities

56.152 (7)(ii) The date on or after which the account will become delinquent unless a payment arrangement is entered into or an informal complaint is filed with the Commission. This date may not be earlier than the due date of the bill or 15 days after the issuance of a public utility company report, whichever is later.

Metering Support Laboratory

Laboratory Test Results

Customer Name: Artem Shyrshykov
Customer Billing Account: [REDACTED]
Meter Manufacturer: Landis and Gyr
Meter Serial Number: [REDACTED]
Meter Test Date: 3/27/2025

Meter Test Results:
- Full Load Test: 100.02%
- Light Load Test: 100.05%
- Average Accuracy: 100.03%

PPL Electric Utilities Metering Laboratory is certified by the Pennsylvania Public Utility Commission. Meters are tested in accordance with Chapter 57.20. Full load meter testing is conducted at 100% of rated nameplate test current. Light Load meter testing is conducted at 10% of rated nameplate test current. Average Result is a weighted average of the two test points using 80% full load and 20% light load.

All meter accuracy results and equipment used are traceable to the National Institute of Standards and Technology (NIST) in Gaithersburg, Maryland.

Certified meter test results for Meter Serial number [REDACTED] were obtained using a WECO Model 4150 test system with serial number 7753 301545.

Additional testing notes: Initial Comments: missing tbar seal in base

Certified:
Joseph Chunko
Supervising Engineer, Metering Support

Understanding Your Rights

The Pennsylvania Public Utility Commission (PUC) is a regulatory agency that balances the needs of consumers and utilities to ensure safe and reliable utility service at reasonable rates. Additionally, the PUC establishes the rules and regulations with which utilities must comply.

If you do not agree with this report, you may file an informal complaint with the PUC by calling toll-free in PA at 1-800-692-7380. If you prefer, you may write the PUC, P.O. Box 3265, Harrisburg, PA 17105-3265.

The PUC will ask you to provide the following information.

- The customer's name and phone number.
- The customer's address, and if different, the service address.
- The utility company's name and the customer's account number, if there is one.
- A brief statement of the dispute and the relief sought.
- Whether the company has already investigated and reported the dispute.
- Whether the same formal or informal complaint was filed with the PUC in the past.
- The proposed shut-off date, if any.

If you need additional information or have other concerns, please call PPL toll-free at 1-800-DIAL-PPL (1-800-342-5775).
