

To whom it may concern,

I am writing to formally petition for the withdrawal of my complaint currently pending before the Pennsylvania Public Utility Commission, identified as Case No. C-2025-3059063, regarding service issues at my residence located at 216 Alstead St. Pittsburgh PA, 15234.

The basis for this request is that we have now scheduled, and provided a deposit for, an independent contractor to address the necessary work to be completed at our property. Specifically, the corrective work is scheduled for 1-12-26, which resolves the primary issue that prompted the filing of my complaint (an extension to secure financing for repairs).

Given that the matter is actively being addressed and is expected to be resolved upon completion of the scheduled work, I respectfully request that the Commission withdraw and close this case.

Please note that this withdrawal is requested in good faith and with the understanding that the scheduled work will be completed as represented. Should the work not be completed or should additional issues arise, I understand that I retain the right to seek further review or relief through the appropriate channels.

Thank you for your time and attention to this matter. Please confirm receipt of this request and advise if any additional information or documentation is required.

Sincerely,
Samantha & Steven Bryan
