## **Request to Amend Authority to Paratransit Services**

Dear PAPUC,

Thank you for your email regarding my application for operating authority. In response to our previous application and the data request that was sent to us, we do **not** intend to install a TAXI dome light on vehicles or install a taxi meter to calculate fares.

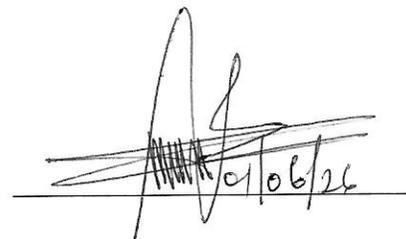

We hereby wish to amend our authority from Call or Demand Taxi Services to **Paratransit** Services which will provide transportation for people with disabilities and those who can't use regular public transit.

I understand that this requires completing an Application for Motor Common Carrier of Persons in Paratransit Services. I will proceed to submit the necessary Paratransit application materials as soon as possible.

I respectfully request additional time to prepare and submit the Paratransit application materials. Please let me know if an extension is possible and what the new deadline would be.

Please confirm receipt of this response and advise on the next steps.

Thank you for your assistance.
