SECTION 2 – REGULATIONS, (CONT'D.)

2.19 Letter of Authorization / Carrier Facility Assignment

If Customer intends to connect the Services to facilities that neither it nor the Company owns, it must provide the Company with and maintain (for the Service Term) a current letter of authorization and carrier facility assignment, as applicable.

2.20 Grandfathered/Obsolete Services

A grandfathered service (sometimes also referred to as “obsolete”) is one that is no longer sold, and its availability is limited to lines currently in service at existing customer locations. No new customer orders, installations, or additions are accepted. Moves, rearrangements, or changes to the existing service (including relocations) are not permitted, except that customers may migrate to other available services or disconnect service. Where applicable, renewals of term agreements for grandfathered services are no longer permitted beyond the effective grandfather date.

2.21 Expiration of Contracts or Service Terms

Upon expiration of a contract or service term, the Company reserves the right to increase the rates to the applicable monthly tariffed rates set forth in this Tariff on a month-to-month (MTM) basis. Anywhere a MTM rate does not exist in the tariff, the MTM rate will match the 12 month rates. The Company may, with thirty (30) days’ prior notice, change any rates continued on an MTM basis after contract or service term expiration. Service provided on an MTM basis may be terminated by either party upon thirty (30) days’ prior notice.

SECTION 5 - NETWORK SERVICES

5.1 Service Offerings - General

5.1.1 Description

- A. The Company undertakes to provide Non-Residential Customers with the following types of network services:

Converged Voice Service*

FlexVoiceSM Service (**Grandfathered**)

(C)

SIP Trunking Service (**Grandfathered**)

(C)

- B. All services offered in this tariff are subject to Nonrecurring and Monthly Recurring Charges.

- C. These services provide a Customer with the ability to connect its terminal equipment, inside wiring, or transmission facilities to the Company's switched network for the origination and reception or telephonic communications, and includes optional features designed to facilitate the use or expand the functionality of communications services. Services may be provided by the use of the Company's own facilities, by resale of services provided by other telephone companies, or by a combination of these methods.

- D. Service is intended for end user applications with local usage not to exceed 200,000 minutes per month. Terms and conditions, rates and charges for applications exceeding 200,000 minutes of local usage per month will be determined on an individual case basis.

- E. To the extent facilities are available, services offered under this tariff are provided by the Company on an On-Net basis. Unless otherwise noted, prices for services offered under this tariff reflect the On-Net price for such services. Where service is provided on an Off-Net basis, additional charges equal to the Company's actual Off-Net cost plus 15% may apply. Off-Net charges will be quoted to the Customer in advance on the Service Order. If during a contract period the Company brings a Customer's service onto the Company network, pricing for the original configuration shall continue to apply for the duration of the contract period.

* As of January 31, 2022, Converged Voice service is grandfathered to existing customers at existing locations.

SECTION 5 - NETWORK SERVICES, (CONT'D.)

5.3 FlexVoiceSM Service (**Grandfathered**)

(C)

Effective January 30, 2026, FlexVoiceSM Service is grandfathered and available only to existing customers at their current locations. No new customer orders, installations, or additions will be accepted as of this date. Moves, rearrangements, or changes to existing FlexVoiceSM Service (including relocations) are not permitted, except that customers may migrate to other available services or disconnect service. Renewal of term agreements for FlexVoiceSM Service is not allowed beyond the effective grandfather date. See Section 2.20 and 2.21 for additional terms.

(C)

(C)

5.3.1 General

FlexVoice Service offers a selection of simultaneous call paths configured as digital channels (trunk or PRI) and/or analog business lines across a single access connection (see restrictions in paragraph B below). FlexVoice Service offers the Customer digital connectivity and/or business lines for both incoming and outgoing access. Service is provisioned using T1s or Ethernet and is offered in DS0 level increments (call paths). A Company-provided Integrated Access Device (IAD) is installed at the Customer's premises. The IAD converts IP voice from the Wide Area Network (WAN) into TDM voice (PRI, Digital Trunks, or Business Lines). The Customer is solely responsible for the acquisition, repair and maintenance of any back-up power system that the Customer deems necessary to support its telecommunications systems. In the event of a power failure, the absence or failure of a battery back-up system will result in the loss of use of the FlexVoice Service, including 911 service. The Company has no liability or responsibility for such loss of service.

5.3.2 Call Path Restrictions

Digital channels and PRI channels cannot be provisioned on the same device. Each IAD can support the following maximums:

- 24 Analog Business Lines
- 48 Digital Trunk Channels
- 46 PRI Channels
- 50 Total call paths when provisioning a combination of analog lines and digital channels

5.3.3 Long Distance Calling Allowance

The Customer receives a long distance allowance, which may be used for direct dialed and/or toll free services, based on the call paths purchased.

Call Paths	Monthly Long Distance Allowance Minutes of Use
1-30	6,500
31-50	13,000

Additional Toll Services are provided pursuant to the Company's published tariffs and rate schedules. The Customer who does not select the Company as their long distance provider is not eligible to receive the monthly allowance of long distance minutes of usage.

5.3.4 Line Features

- A. For the Customer who selects line based channels, the Deluxe Feature Package defined in Section 6.1.3 is available at no additional charge. The Customer is also eligible to purchase the Custom Feature Package as defined in Section 6.1.3.
- B. The Customer is eligible for one Basic Voice Mailbox per FlexVoice line at no additional charge.

5.3.5 Telephone Numbers

The Customer receives the first 100 telephone numbers (Individual Telephone Number (ITN) and Virtual Telephone Number (VTN) and Remote Telephone Number (RTN)) per service location at no charge. Additional ITNs are charged as described in Section 6.14. Additional VTNs are charged as described in Section 6.18. Additional RTNs are charged as described in Section 6.21.

5.3.6 Rates and Charges

A. Application of Rates

FlexVoice Service is a flat rated service. A Monthly Recurring Charge applies for the service and calls made within the local calling area are included at no additional charge. To the extent facilities are available, services offered under this tariff are provided by the Company on an On-Net basis. Unless otherwise noted, prices for services offered under this tariff reflect the On-Net price for such services. Where service is provided on an Off-Net basis, additional charges may apply.

B. Rates

All rates are applied per FlexVoice Service at each service location:
