PA Public Utility Commission  
Secretary's Bureau

Filed on this date December 2025

Be put on hold please let your order

until I can get my health together

I did ask and mention this in my previous letters

So I'm asking that be done for  
reconsideration

just case not in any way for I closing

what I'm going through is Peco fault  
in favor of mine

So I'm asking this without good justice  
I took Peco many years to get off their  
bottoms

So to guess now they are letting people  
know they are still alive. And not dead.

peco this <sup>is</sup> long I'm asking just why did it take

 vs. } 7 2020 305 8357  
 Jeco Energy Company

To think about things? That affect consumer lives and  
 health?

So now you I was faced with bills that were  
 jeco fault  
 what about my health this is jeco fault

jeco look to long to rebuild these companies  
 that every time Does this it make it right

They want to rebuild a company  
 what right do they have to stop sending our  
 bills to the customers?

This was jeco fault  
 As for my health this is jeco fault

Do they think just  
 because we are in a cap program  
 that our lives are not important  
 And it okay to screw us over?

This is so very  
 wrong that your putting the people  
 who are in the cap program first  
 we are not human.

Just how would  
 you feel if it happen to all of you?

R. Robinson  
vs.  
Peco Energy Company } Docket  
# 2025-5058357

So I have to ask a question  
Due to all the pain, that PECO put me through  
for many years

And this tank was dated 1973  
for many years up until 2025.

Things I did experience  
Burning lungs - bringing up yellow phlegm, being  
told that my voice is not coming back

The pain I do experience  
at times is so unbearable

So are you going to  
sell because I'm in a cap program, this  
why I have to suffer  
this way?

So in the way should I be held  
accountable for their negligence  
So I ask what do I get  
for all the pain I'm going through

Before the  
 Pennsylvania Public Utility Commission  
 Rosemary Adams on  
 vs  
 PECO Energy Company } Docket No.  
 2011-305833Z

If PECO were doing the job that has been done & taken place

I never formulated along time to get my health together

And in no way am I closing this case

My health comes first  
 And this is what I'm doing on this now.

And also I would like to know who is the one with mental illness. who is trying to get

recognition and could more open to some ones life

This is not right  
 This could be you: think about it.  
 please be mindful that God is watching  
 all of you. So it is written what ever  
 you do wrong to others it's coming back  
 to you. And your Journey Starts Now!
