Re: Application to Register as a Conservation Service Provider

Dear Applicant:

On December 30, 2025, The Cadmus Group LLC filed an application to register as a Conservation Service Provider (CSP) with the Pennsylvania Public Utility Commission (Commission). A registered CSP can advise an electric distribution company (EDC) and/or provide consultation, design, administration or management services to an EDC related to the EDC's energy efficiency and conservation plan.

Upon review, Commission Staff has determined that because Applicant's registration had expired on July 14, 2025, the Applicant must file a new application for registration as a CSP in accordance with Act 129 of 2008, P.L. 1592. Therefore, this application for renewal or update of Applicant's CSP registration, filed on December 30, 2025, is denied.

Please direct any questions to Nicholas DeMarco, Policy & Planning Group, Bureau of Technical Utility Services at (717)-783-3835.

Sincerely,

A handwritten signature in black ink that reads 'Matthew L. Homsher'. The signature is written in a cursive style with a large, prominent 'M'.

Matthew L. Homsher
Secretary
