TO ALL PARTIES OF RECORD

Application of Aqua Pennsylvania, Inc. for approval to alter the public crossing (DOT 530 986 P) by the installation of an underground 8-inch ductile iron pipe within a 16-inch steel casing where Jefferson Avenue crosses, below grade, the tracks of National Railroad Passenger Corporation (Amtrak) located in Bristol Borough, Bucks County.

To Whom It May Concern:

By application filed with the Commission on April 18, 2025, Aqua Pennsylvania, Inc. seeks Commission approval to alter the public crossing (DOT 530 986 P) by installation of an underground 8-inch ductile iron pipe within a 16-inch steel casing where Jefferson Avenue crosses, below grade, the tracks of National Railroad Passenger Corporation (Amtrak) located in Bristol Borough, Bucks County.

Aqua Pennsylvania, Inc. will install an underground 8-inch ductile iron pipe within a 16-inch steel casing and abandon the existing 8-inch cast iron water main within the highway right-of-way. The installation will provide a minimum vertical cover of 4 feet from the top of the new pipeline casing to the top of the existing roadway.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Aqua Pennsylvania, Inc. states that the proposed installation is necessary to improve its water distribution operations and maintenance. Aqua Pennsylvania, Inc. will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$185,000.00.

Aqua Pennsylvania, Inc. has served a copy of the application and plans on the Pennsylvania Department of Transportation, PECO Energy Co., Amtrak, Bucks County Water & Sewer Authority, Gilmore & Associates, Inc., Comcast, Lumen (formerly Level 3) and Verizon Business (formerly MCI). All parties in interest, with the addition of Bucks County and Bristol Borough were queried by letter dated April 25, 2025, sent by electronic mail as to any objection to the subject application and plans. Bucks County and Bristol Borough will be made a party to this proceeding.

By letters received by the Commission on May 16, 2025 and December 8, 2025, Amtrak filed objections to the application, offering comments for Aqua Pennsylvania, Inc. to address. On January 27, 2026, Aqua Pennsylvania, Inc., by and through its engineering consultant, Total Engineering & Consulting Services, LLC, filed a revised set of plans, averring that Amtrak has accepted the revised plans. None of the other parties have responded with any objection to the subject application or plans submitted with the application.

All work is to be performed in accordance with the revised plans hereby entitled: “EXHIBIT A,” consisting of one (1) sheet submitted to the Commission on January 27, 2026.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Not all parties to this proceeding have had adequate time to review the revised plans, however, we determine that the request of Aqua Pennsylvania, Inc. for approval is warranted and will be granted provided that the remainder of the parties to this proceeding do not state any objections to this Secretarial Letter within the period of time prescribed herein.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.
