RE: TUS Data Request Addressed to Public Utilities Distributing Natural Gas Concerning Plastic Pipe Data – 2025

Dear Secretary:

This is in response to the above-mentioned correspondence dated December 16, 2025, regarding the cataloging of all plastic pipelines and other plastic components, pursuant to Commission Order entered September 11, 2025, at Docket No. M-2024-3050313.

Please refer to the attached catalog of plastic pipelines and plastic components that are contained within Valley Energy's distribution system.

Older, at-risk plastic pipelines and components are identified and tracked in Valley Energy's Distribution Integrity Management Plan (DIMP). In the event there is a gap in information due to missing, inaccurate, or incomplete records, a review of operations and maintenance activities, and field surveys shall be used to catalog and include the type of plastic pipe or components in the company's DIMP.

If you have any questions, please contact me by email me at codyc@ctenterprises.org.

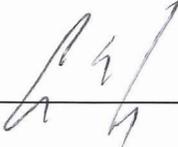

Sincerely,

Cody E. Chapman, PE
Vice President of Operations

VERIFICATION

I, Cody Chapman, hereby state that the facts set forth above are true and correct to the best of my knowledge, information and belief, and that I expect to be able to prove the same at a hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 (relating to unsworn falsification to authorities).
