## **Petition For Extension of Time**

Dear Secretary,

I am writing to respectfully request a 45-day extension of the current deadline to submit a Form E to the Commission. I require this additional time due to complications that arose from the protest of my application. Although the protest has since been resolved, the resulting delays have impacted my ability to meet the original filing deadline. This 45-day extension will ensure I can submit the complete and accurate Form E as required. Thank you for your time and for considering this request.

Sincerely,

Elijah Mims
