

## Petition of Reconsideration for EX Transportation NEMT

(1). We respectfully request that the Commission reconsider the application for EX Transportation NEMT. The original submission timeline fell during the holiday period, which created unforeseen delays in securing our insurance coverage. Although our insurance provider assured us that our policy would be active by January 26, the required documentation was not finalized by the deadline due to weather-related delays.

This issue has now been fully resolved, and all necessary insurance requirements have been satisfied. We are fully prepared to move forward with our application and comply with all remaining steps in the process.

We appreciate your time and consideration and look forward to establishing a positive working relationship.

Thank you in advance.

(4). The documentation was sent on January 28, 2026. Unfortunately, it was rejected due to our case being "dismissed". The documents are readily available and can be sent as soon as our case is ready to move forward.

(5). I, John E. Norman Jr, hereby state that the facts above set forth are true and correct (or are true and correct to the best of my knowledge, information and belief) and that I expect to be able to prove the same at a hearing held in this matter. I understand that the

statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 (relating to unsworn falsification to authorities).

(Applicant is not now engaged in intrastate transportation of property or passengers for compensation in this Commonwealth except as authorized by the Pennsylvania Public Utility Commission certificate or permit and will not engage in the transportation for which approval is herein sought, unless and until the transportation is authorized by your Honorable Commission.)
