ENERGY CONSERVATION PLAN

Years 2024 to 2026

**PIKE COUNTY LIGHT & POWER COMPANY
UNIVERSAL SERVICE AND ENERGY CONSERVATION PLAN**

INTRODUCTION

Pike County Light & Power Company (“Pike” or the “Company”) submits this Universal Service and Energy Conservation Plan to the Pennsylvania Public Utility Commission (“Commission”) as required by 52 Pennsylvania Administrative Code Section 54.77 and as required by the Commission in Docket No. M-00011465. The Settlement in Pike’s electric restructuring proceeding (“Restructuring Settlement”) approved by the Commission by Order entered July 23, 1998, at Docket No. R-00974150, established Pike’s Universal Service Program components and obligations. Pike’s Universal Service Program is comprised of two components, the Neighbor Fund Program and the New Start Program.

Description of the Neighbor Fund Program

The Neighbor Fund provides energy bill payment assistance to Pike customers who are experiencing a temporary financial crisis, in the form of a grant. The Neighbor Fund awards grants to help pay energy costs no matter what type of heating fuel is used. Pike makes every effort to help those customers in need. The grants do not need to be repaid and there are no age limit or income guidelines. Income restrictions are indirectly applied as customers must have exhausted other government resources. Pike customers must meet the following eligibility requirements to qualify for assistance:

1. Have an account with Pike for electric service;
2. Have exhausted all governmental resources by applying for benefits pursuant to the LIHEAP, Emergency/Crisis LIHEAP Grant, and/or any other governmental funding available for assistance; and
3. Providing supporting documentation of an emergency/crisis circumstance, such as overdue medical bills, unemployment notification, mortgage foreclosure, eviction notice, and disconnect notices.

It is the intention of Pike that any customer who meets the eligibility requirements set forth above should be able to receive a Neighbor Fund Grant. Pike customers can apply for a Neighbor Fund Grant by calling the toll-free number at 1-855-855-2050, emailing Pike’s customer service department at custserv@pclpeg.com, or by visiting the PCLP office at 105 Schneider Lane, Milford, PA 18337.

Pike supplements the Neighbor Fund with \$10,000 annually collected by means of a non-bypassable systems benefit charge to Pike customers in accordance with the Restructuring Settlement. Neighbor Fund grant guidelines are:

- \$250 for Gas Service;
- \$250 for Electric Service; and
- An additional \$250 if electric heat constitutes the primary heating source

To better serve our customers, in 2006, Pike increased the Neighbor Fund benefit in the following manner:

- \$200 (for a total of \$450) for Gas Service;
- \$200 (for a total of \$450) for Electric Service; and
- \$300 (for a total of \$550) if electric heat constitutes the primary heating source.

Pike customers receiving LIHEAP benefits are eligible to participate in the New Start Program. Pike has also expanded eligibility for the New Start Program to its customers that have incomes up to 250% of the federal poverty guidelines. The program provides arrears forgiveness up to \$250. For a customer to receive arrears forgiveness, such customer must agree to a budget billing payment plan, as well as an arrears payment arrangement. To be eligible for this program, Pike customers must:

1. Be within the income guidelines (i.e., 250% of federal poverty guidelines, which includes all LIHEAP customers);
