RE: Docket No. A-2026-3060033:
Application Change Request: Switch from Group & Parts 11-15 (GP 11-15) to Paratransit

To Whom It May Concern;

In response to your letter received on 28 January 2026, we are asking that you please accept this letter as our request to switch our application from GP11-15 to Paratransit.

We have already submitted the correct application and did not attach or include this letter as required by your establishment. Please include with our application(s) and rescind the GP11-15 application as we are only wishing to move forward with the recommended Paratransit application.

Regards,

Galen E. Peachey, Pres./CEO
