Re: New Hope Home Care LLC
Docket No A-2026-3059782

Dear Secretary Homsher:

Detailed below are the answers to the data request dated January 20, 2026 pertaining to the application of the above carrier:

1. The data request listed above asked to cite the difference between our contract carrier application which the Commission said was exempt from their authority and the current paratransit application. The carrier here intends to provide service to its own clients as described in the previous contract carrier application and understands that the Commission has said that authority is not needed for that purpose however this home care carrier also intends to provide service to patrons who are not clients of the home care to supplement their business in addition to the home care clients and to provide service to those paying customers who are outside of the home care clientele and not even ancillary to their service requires paratransit authority to legally provide this service.

Thank you for your assistance in the completion of this application. Please call if you have any additional questions.

Very truly yours,

DAVID P. TEMPLE
