Ladies/Gentlemen:

City Power & Gas (“City Power”) is providing this notice to report changes in its ownership as required by rules linked to its energy license or supplier authorization. Additionally, City Power provides the attached updated company contacts.

City Power underwent a corporate reorganization which resulted in an ownership change as follows: As of January 2, 2026 City Power is the wholly owned subsidiary of CPG Power Holdings, LLC.

These changes have no effect on City Power’s customers, and all customer contracts remain in effect and will continue to be services as City Power.

Please do not hesitate to contact me with any questions or further information needed.

Respectfully submitted,

/s/Natara Feller
