Alyssa Buehring
EnergyNation Solutions LLC
12140 Wickchester Ln Ste 100
Houston, TX 77079

Dear Alyssa Buehring:

We are pleased that EnergyNation Solutions LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, EnergyNation Solutions LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. EnergyNation Solutions LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that EnergyNation Solutions LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to EnergyNation Solutions LLC changes in the future, Columbia Gas might deem it appropriate to require EnergyNation Solutions LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4881 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Energy Nation Solutions, LLC
Attn: Kathryn Guy – Senior VP
12140 Wickchester Ln, Suite 100
Houston, TX 77079

Dear Kathryn,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware Energy Nation Solutions, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, Energy Nation Solutions, LLC must furnish acceptable security to each utility where Energy Nation Solutions, LLC will do business. As such, under its tariff, NFGDC could require Energy Nation Solutions, LLC to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that Energy Nation Solutions, LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, Energy Nation Solutions, LLC will never take title to any delivered natural gas, nor will it accept any customer payments or deposits.

Based upon your representations, NFGDC has determined that, at this time, Energy Nation Solutions, LLC does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by Energy Nation Solutions, LLC change in the future, NFGDC reserves the right to require security from Energy Nation Solutions, LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Re: Bonding Requirements

Dear Kathryn Guy:

PECO is aware that EnergyNation Solutions, LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application EnergyNation Solutions, LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. EnergyNation Solutions, LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers; will not take title to any delivered natural gas; nor will accept any customer payments or deposits.

Therefore, PECO has determined at this time that EnergyNation Solutions, LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by EnergyNation Solutions, LLC, or the creditworthiness requirement for PECO's exposure to EnergyNation Solutions, LLC changes in the future, PECO reserves the right to require EnergyNation Solutions, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Trevor Hope at Trevor.Hope@exeloncorp.com

We are pleased that EnergyNation Solutions LLC has applied for a license to provide natural gas services on Peoples Natural Gas Company LLC.

Since EnergyNation Solutions LLC is not currently serving customers on the Peoples systems, we have determined at this time that EnergyNation Solutions LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to EnergyNation Solutions LLC's provision of services on the Peoples' system changes in the future, the Company may deem it appropriate to require a bond or other financial instrument.

RE: EnergyNation Solutions, LLC
Application to Serve as a Natural Gas Broker

Dear Ms. Guy,

Based on your assertion that EnergyNation Solutions, LLC ("EnergyNation") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division ("UGIU") has concluded that EnergyNation will not need to post security with UGIU. This is based on the declaration that EnergyNation will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If EnergyNation wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

RE: EnergyNation Solutions, LLC

Dear Ms. Buehring:

We understand that EnergyNation Solutions LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania, including our company's service area.

Pursuant to 66 Pa.C.S. § 2208(c), an applicant for a natural gas supplier license must furnish security to each utility where it will do business to ensure the supplier's financial responsibility. To this end, Valley Energy periodically will perform a credit review and analysis of EnergyNation Solutions LLC when it begins to serve customers on Valley Energy's system. Valley Energy will determine whether EnergyNation Solutions LLC must post a security based on the credit review, the types of customers served, the volumes expected to be delivered for those customers and the other rules in Valley Energy's Supplier Tariff. At this time, no security is being requested; however, if the services provided change in the future, we reserve the right to require security from EnergyNation Solutions LLC as deemed appropriate.

If you have any questions, please contact Jamie Beale at 670-888-9664 (Ext. 5232).

c. DOOR TO DOOR SALES

- **EnergyNation Solutions LLC's verification procedures**

Verification Procedures for Door-to-Door and Business-to-Business Sales

As part of our standard procedures for door-to-door and business-to-business sales, we follow a thorough verification process to ensure customer consent, data accuracy, and regulatory compliance:

1. **Copy of Customer Utility Bill:**
All sales representatives are required to obtain a copy or clear photo of the customer's electricity bill at the time of enrollment. This helps confirm the customer's account number, service address, utility, and rate class to ensure the correct contract is submitted and prevents enrollment errors.
2. **Letter of Authorization (LOA):**
Customers sign a Letter of Authorization (LOA) allowing us to request historical usage data from the utility. This is used solely for the purpose of generating accurate pricing and contract options.
3. **Contract Signing and Verification:**
Customers must sign the supply agreement to authorize the switch. Contracts are executed either:
 - o Electronically via DocuSign, which includes audit trail features such as IP logging, time stamping, and identity verification, or
 - o Physically with a wet signature, with copies retained by both the customer and our team.
4. **Identity and Account Verification:**
Agents verify key account details at the time of enrollment, including name, service address, and utility account number, against the information on the customer's bill.
5. **Third-Party Verification (TPV):** *(if applicable)*
For certain markets or products, we incorporate a third-party verification call to reconfirm the customer's authorization, understanding of terms, and intent to enroll.
6. **Compliance Review:**
All submitted enrollments, including LOAs, contracts, and utility bills are reviewed by our compliance team before submission to the supplier. Incomplete or inconsistent submissions are flagged and returned to the agent for correction.
