**RE: Docket # C-2025-3057732**

**Dear Mr. Homsher**

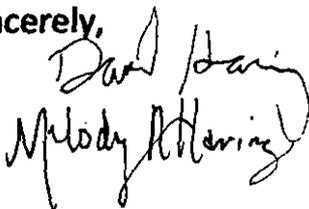

**As stated in previous correspondence, we urge National Fuel Gas Corp. not to abandon their gas line to the three homes located in Belltown, Pa. beyond the Wyncoop Bridge .**

**In the event that they are granted permission from the PUC to break their commitment to their customers, and we are forced to convert to another fuel so that NFGC can save money, we as loyal customers feel that we should not be obligated to go into debt to replace what they have decided not to provide.**

**On several occasions NFGC has given us their demand for a "waiver of claims" with a time limit of as little as seven days, threatening to provide less for conversion costs. This is not negotiating in good faith. Copies of the letters demanding our waiver of claims were included in our previous mailings to the PUC. We did not sign a waiver because we needed to obtain estimates.**

**Enclosed are conservative estimates of the basic work that will need to be done. These estimates have also been sent to Mr. Lynde at NFGC.**

**Sincerely,**
