To Whom It May Concern:

By application filed with the Commission on January 9, 2026, Comcast Cable Communications Management LLC seeks Commission approval to alter the public crossing (DOT 591 757 M) by the installation of an aerial fiber optic cable where Buffalo Road crosses, at grade, one (1) track of Lewisburg and Buffalo Creek Railroad operated thereon by Union County Industrial Railroad Company located in Lewisburg Borough, Union County.

Comcast Cable Communications Management LLC will install an aerial fiber optic cable lashed to a strand located within the joint right of way of Buffalo Road and Lewisburg and Buffalo Creek Railroad to be attached to existing poles. The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Comcast Cable Communications Management LLC states that the proposed installation is necessary to boost and extend its service in the immediate and surrounding area. Comcast Cable Communications Management LLC will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$1,000.00.

All parties in interest were queried by letter dated January 21, 2026, sent by electronic mail as to any objection to the subject application and plans. None of the parties have responded with any objection to the subject application or plans.
