Overview

- National Fuel's outreach initiative is to improve community awareness of its programs and payment options to assist customers in need. The Company is involved with numerous community-based events within its 14-county service territory. Educational outreach sessions are held with state and local organizations and their employees to further assist their clients. National Fuel also facilitates outreach through various other avenues, including correspondence, digital marketing, social media, and community partner events. These activities provide National Fuel with the opportunity to inform customers of available Universal Services Programs and payment options that can assist with lowering energy costs and usage, ultimately reducing household energy burdens. These efforts are fundamental in improving awareness and participation in programs that provide essential assistance to our most vulnerable population.
- 2026 Planned Outreach efforts (as well as 2024/2025 completed outreach efforts) are identified in the tables below.

Noted 2025 Accomplishments

- Delivered twenty-one Universal Service Program trainings to weatherization contractors, Neighbor for Neighbor agencies, legislative offices, senior centers, community networking groups and area agencies. Fourteen of these trainings represented new efforts.
- Enhanced internal CAP outreach efforts through additional calls, emails, mailings and internal contests.
- Increased community outreach by participating in fifty events, nineteen of which represented newly initiated efforts.
- Continued implementation of the corporate campaigns, Weather Any Storm and Let's Catch Up, which promote payment assistance programs through billboards, transit, television, radio, digital and print advertising.
