Re: Application for the Abandonment of Electric Generation Supplier License for
Avalon Energy Services, LLC

Dear Ms. McDonnell:

On January 16, 2026, Avalon Energy Services, LLC (Avalon Energy) filed an Application to abandon its Electric Generation Supplier (EGS) license as a broker/marketer in Pennsylvania. Avalon Energy was issued an EGS license on March 25, 2010, to serve small commercial (25 kw and under demand), large commercial (over 25 kw demand), industrial, and governmental customers in all of the electric distribution company service territories throughout the Commonwealth of Pennsylvania.

There are no outstanding fines pending against Avalon Energy. There are also no outstanding formal or informal complaints, and Avalon Energy does not serve any customers.

Based on the foregoing, the notification provisions under 52 PA Code Section 54.41(b) are waived, as are the notification provisions in the Interim Guidelines Regarding Notification by an EGS of Operational Changes Affecting Customer Service and Contracts, at Docket No. M-00960890F0013.

We believe that the relinquishment and abandonment of Avalon Energy's license will have no impact on the public, EDCs, or default service providers. Therefore, the Commission approves, by this Secretarial Letter, Avalon Energy's application to abandon its EGS license at Docket No. A-2010-2150814 and its license is cancelled.

The Secretary's Bureau shall remove the company's name from all active utility lists maintained by the Commission. The Bureau of Administrative Services shall remove the company from all assessment lists. Additionally, if there are no outstanding claims against Avalon Energy's financial security sixty (60) days after the service date of this letter, the Secretary's Bureau shall return Avalon Energy's financial security instrument.

If you have any questions in this matter, please contact Lee Yalcin of the Bureau of Technical Utility Services at lyalcin@pa.gov or 717-787-6723.

Sincerely,
