4. Easton holds authority from the PaPUC to transport persons as a common carrier in paratransit service between points in the borough of Norristown, Montgomery County, between

points in the borough of Norristown and within an airline distance of five (5) miles of the limits of the Borough of Norristown, and in the township of Whitemarsh, Montgomery County. As a carrier in the paratransit industry operating where the Applicant proposes to offer service, Easton has a substantial interest in ensuring that the public is served by carriers that have sufficient technical expertise, financial capacity and a propensity to operate safely and legally, as required by the Commission and applicable law. Easton currently holds PaPUC paratransit authority and operates under the following authorizations: Docket No. A-00118835/A-2014-2415540.

5. TransNet holds authority from the PaPUC to transport persons as a common carrier in paratransit service between points in Montgomery County and from points in Montgomery County to points in the counties of Chester, Delaware, Philadelphia and Bucks and return. 6. Tri County holds authority from the PaPUC to transport persons as a common carrier in paratransit service between points in the borough of Pottstown, Montgomery County, and within an airline distance of fifteen (15) miles of the limits of the Borough of Pottstown. As a carrier in the paratransit industry operating where the Applicant proposes to offer service, Tri County has a substantial interest in ensuring that the public is served by carriers that have sufficient technical expertise, financial capacity and a propensity to operate safely and legally, as required by the Commission and applicable law. Tri County currently holds PaPUC authority and operates under the following authorizations: Docket No. A-00112826, F.2.

7. The Applicant has sought Commission authority to provide paratransit service in geographic territories that overlap with geographic areas in which the Joint Protestants currently provide paratransit service. The Applicant has requested authority for a significant service territory in the Commonwealth of Pennsylvania that encompasses Bucks and Montgomery Counties. As such, the Joint Protestants have a substantial interest in the outcome of this Application proceeding that will not be addressed by any other participant.

III. GROUND FOR PROTEST

8. As the proponent of an order seeking the issuance of a certificate of public convenience, the Applicant carries the burden of proof. 66 Pa.C.S. § 332(a). Applicant has not made a sufficient and adequate showing that it possesses, or is likely to possess, sufficient technical and financial ability to allow the Commission to find or determine that granting a certificate of public convenience to the Applicant is necessary or proper for the service, accommodation, convenience or safety of the public pursuant to Section 1103(a) of the Public Utility Code. 66 Pa.C.S. § 1103(a). In addition, Applicant has not made a sufficient and adequate showing that it is likely to operate safely when providing paratransit service.

9. Applicant has failed to describe its record maintenance plan, including both its plan to maintain records required by the Commission at 52 Pa. Code § 29.111, as well as normal business records, as required by Application at ¶4 of the “Verified Statement of Applicant.

10. On the issue of technical fitness, the Applicant has not made sufficient showing that any of its principals or drivers possesses any prior managerial or operating experience in the transportation business. The Applicant has failed to present evidence demonstrating that paratransit services may be provided safely, as the vehicle relevant to paratransit services proposed

to be used by Applicant is 15 years old with very high mileage, which exceeds the Commission's ten-year age limit for call or demand service pursuant to 52 Pa. Code § 29.314(c). Although that regulation applies to call or demand service and not specifically to paratransit service, it is a logical guideline for safety.

11. Moreover, there is no information indicating that the vehicle which Applicant will utilize to provide the service is equipped with the medical or handicap devices appropriate to paratransit service. Applicant has not identified any employees, including dispatchers, who will be responsible for the conduct of the business that could take place throughout a substantial portion of Pennsylvania. The Commission's Policy Statement on the evidentiary criteria used to decide motor carrier applications states that the Applicant has the burden to demonstrate compliance with fitness standards, including "[w]hether an applicant has sufficient capital, equipment, facilities and other resources necessary *to serve the territory requested.*" (emphasis added) 52 Pa. Code § 41.14(1).

12. The Applicant has also failed to provide sufficient evidence of financial fitness. There is no indication Applicant is prepared to follow generally accepted accounting principles in its record keeping, as required by the Commission. 52 Pa. Code § 29.41(a). There is no indication the business will have sufficient liquidity in the form of a line of credit, sufficient cash or other funding sources available to cover the reasonable and customary costs of operating its proposed service. The adequacy of the identified business assets cannot be evaluated and found sufficient because no business expenses have been estimated. The Applicant has provided no information in the Application indicating it has taken into account normal business expenses, such as the cost of vehicles, vehicle maintenance expense, marking of vehicles or salaries of drivers. Nor has any projection of likely income from the paratransit service business been provided.

13. The grounds for Protest are not limited to the above but are by way of example. Protestants reserve the right to supplement the basis for this Protest as information is developed.

WHEREFORE, for all the foregoing reasons, the Joint Protestants respectfully request that they be granted full party status in this proceeding as Protestants and, absent a resolution of this proceeding in the next sixty (60) days, that hearings be scheduled so that the Commission may develop an evidentiary record concerning the issues raised in this Joint Protest, and that the Application of Midtown Home Health Care LLC be denied.

Respectfully submitted,
