Request for Information

Questions for evaluation on a PUC Application require regulation compliant answers, they should be well thought out and complete, and must answer all parts of the questions asked. Please review Title 52 PA Code to ensure your answers meet that standard.

- 1) In regard to Question #10 of the application for proposed service area: Please re-read the instructions to understand that a PUC territory is written in a specific way, and the full paragraph submitted does not meet that standard. If you do not understand the question, call for clarification.

Please consider that your request should only indicate the areas from which you intend to **originate** service. Your proposed service area must also be fully bound, and easily discernible. This may be achieved by the use of municipal boundaries, roads, railroads, or natural boundaries such as rivers and streams, etc. Generally speaking, naming counties is the most wide-spread manner of achieving this goal, but other properly bound descriptions are acceptable if correctly prepared. Examples of sample territories are provided on the application itself, and your proposed territory should be written in similar format, clearly and concisely.

YOU SHOULD ONLY SPECIFY AREAS FROM WHICH YOU WISH TO ORIGINATE SERVICE.

Example(s):

- a. Paratransit service between points in the counties of X, Y, and Z.
- b. Paratransit service from points in the counties of X, Y, and Z, to points in Pennsylvania, and return.

- 1) The responses to questions 5(a), 5(b), 5(c), 5(d) and 5(e) of the verified statements are insufficient. Title 52 Pa. Code § 29 provides detailed requirements. Please provide a system which incorporates code specified compliance requirements for frequency and retention of driver records. Each of your answers to sections of this question were insufficient:
  - § 29.503. Age restrictions.
  - § 29.504. Driver history
  - § 29.505. Criminal history.
- 2) Your statement of Financial Position is not correctly done. Please resubmit a corrected version. If necessary, do some research to find out how a balance sheet is meant to be written and how they work.
