Application of Mainlines, Manholes & Wastewater Treatment, Inc. for approval, *nunc pro tunc*, of the right to begin to offer, render, furnish, and supply wastewater service to the public in portions of Girard and Waterford Townships, Erie County, Pennsylvania
Docket No. A-2024-3050786

MAINLINES, MANHOLES & WASTEWATER TREATMENT, INC.'S RESPONSES TO BUREAU OF TECHNICAL UTILITY SERVICES DATA REQUEST SET 1

A-10. Please confirm whether Mainlines requires a Certificate of Public Convenience pursuant to Section 1101 or 1102(a)(1) of the Pennsylvania Public Utility Code, 66 Pa.C.S. §§ 1101 or 1102(a)(1), to own and/or operate water system facilities, including facilities identified in DEP Operation Permit No. 2503501-T1. If so, please specify when Mainlines will file this Application with the Commission. If not, please explain how Mainlines' services related to these facilities are not subject to Commission jurisdiction and provide the accounting procedures and agreements that define service terms, conditions, cost allocations, and cost recovery methods.

RESPONSE: DEP Operation Permit No. 2503501-T1 does not belong to, and is not owned or operated by, Mainlines. That permit was issued to Girard Borough for the operation of the Girard Borough public water system. The system provides water service to customers within the Borough, including Chardonnay Village, a manufactured home park located in Girard Borough. Mainlines has no ownership interest in, and does not operate, the facilities identified in that permit.

Mainlines is reviewing whether any additional Certificates of Public Convenience are needed related to its provision of service.
