Re: The Pittsburgh Water and Sewer Authority – Lead Service Line Replacement Program Report; Docket No. P-2024-3046468; Utility Code: 2220554

Dear Secretary Homsher:

The Pittsburgh Water and Sewer Authority (“Pittsburgh Water”) is not filing a Lead Service Line Replacement (“LSLR”) Program Report under Section 65.59 of the Pennsylvania Public Utility Commission’s regulations as approval of its LSLR Program is pending review by the Bureau of Technical Utility Services. Pittsburgh Water’s LSLR Plan will be implemented as part of its Long-Term Infrastructure Improvement Plan. Consequently, once the LSLR Program is approved, the LSLR Program Report will be made as part of Pittsburgh Water’s Annual Asset Optimization Plan.

If you have any questions, please do not hesitate to contact me at sstoner@eckertseamans.com.

Sincerely,

Sarah C. Stoner
