To Whom It May Concern:

By application filed with the Commission on December 16, 2025, Columbia Gas of Pennsylvania, Inc. seeks Commission approval to alter the public crossing (DOT 145 324 E) by installation of an underground gas main where Pennsylvania Avenue crosses, at grade, one (1) track of Southwest Pennsylvania Railroad Company located in the City of Uniontown, Fayette County.

Columbia Gas of Pennsylvania, Inc. will install an underground 6-inch medium density polyethylene gas main within a 10-inch steel casing pipe. The installation will provide a minimum vertical cover of 6.7 feet from the bottom of the rail to the top of the new casing pipe.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Columbia Gas of Pennsylvania, Inc. states that the proposed installation is necessary for the expansion of its medium pressure system and subsequent abandonment of the existing low-pressure system throughout the City of Uniontown. Columbia Gas of Pennsylvania, Inc. will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$500,000.00.

All parties in interest, with the addition of the City of Uniontown, were queried by letter dated December 18, 2025, sent by electronic mail as to any objection to the subject application and plans.

By electronic mail dated December 22, 2025, Southwest Pennsylvania Railroad Company provided a list of comments for the applicant to address regarding its plans. On January 15, 2026, Columbia Gas of Pennsylvania, Inc. filed a revised plan, addressing the comments of Southwest Pennsylvania Railroad Company. All parties in interest were queried by letter dated February 10, 2026, sent by electronic mail as to any objection to the subject application and revised plans. None of the parties have responded with any objection to the subject application or revised plans.

All work is to be performed in accordance with the revised plans entitled: “EXHIBIT A,” consisting of three (3) sheets submitted to the Commission on February 10, 2026.
