

**Before the
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

In Re: Application of Crown Castle Fiber LLC :
for approval of the alteration of a of :
Youngtown Southeastern RR (YSE): : Docket No. _____
crossings# 869973E by the installation of :
Fiber Optic Cable & Strand where Cannelton :
Rd (SR-4009) crosses above grade the tracks :
of YSE above grade of in Darlington :
Township, the crossing is located in Beaver :
County.

APPLICATION

To Pennsylvania Public Utility Commission:

1. The name and address of the Applicant are:
Crown Castle Fiber LLC
1500 Corporate Drive
Canonsburg, PA15317
2. The Applicant's General Counsel is:
Teddy Adams
1500 Corporate Drive
Canonsburg, PA 15317
3. Crown Castle Fiber LLC ("Crown") is a licensed utility in the state of PA., giving us the right to install this fiber. Crown wishes to construct a communication facility in the Township of Darlington, Beaver County, PA. To complete the system, the communication facility must cross Youngstown Southeastern rails within the public right-of-way of Cannelton Road.
4. The proposed construction intends to supply fiber optic communication capability to the rural community. Exhibits/plan/profile drawings of each location will provide detail of each crossing and the aerial fiber attachment. Because the communication line will have no impact on rail traffic or the motoring public, no vehicle use data has been developed in connection with this application. Crown will follow normal procedures for construction

of a communication facility within a public right-of- way along a public roadway. Crown and its vendors use construction procedures including the use of warning devices and flagmen to maintain, as nearly as possible, the normal flow of vehicular traffic.

5. The public utilities, municipalities, corporations, and property owners concerned in or affected by the proposed alteration of the crossing are listed on Exhibit A.
6. The expected cost of the combined construction is approximately \$5,000, per crossing, which will be paid from Crown's working capital. The installation will be performed by undetermined general contractor and maintenance will be performed by Crown.
7. The alteration is necessary or proper for the following reasons: to provide adequate, efficient, and reasonable communication facilities to the public in Beaver County and surrounding areas.

For the foregoing reasons, Crown Castle Fiber LLC respectfully requests that the Commission approve this Application.

Respectfully submitted,

David Sinclair (electronic signature)
