Data Requests

- 1) Reference Application – Section 4. Please clarify whether the two active customers referenced in the Application are served under the Small General Service (SGS) rate schedule. If not, please identify the specific tariff rate classification under which the customers receive service.
- 2) Reference Application – Section 5. Please identify the tariff rate classification applicable to the two inactive or idle customer customers.
- 3) Reference Application – Section 5. Please explain whether Peoples Gas discontinued billing the customers at the idle or inactive premises for the *customer charge* portion of the bill at the time service was discontinued on or about March 10, 2012. If applicable, please indicate the date on which Peoples Gas ceased billing the two inactive customers for the customer charge.
- 4) Reference Application – Section 5. Please clarify whether Peoples Gas provided the two idle or inactive customers with written notice or correspondence seeking consent or agreement regarding the proposed abandonment of natural gas service to the two premises. If not, please explain the company’s rationale for not obtaining written consent from the inactive customers.
- 5) Reference Application – Sections 4 and 9. In Attachment A, the company appears to indicate that the total revenue derived from the two active customers is \$3,140.72, while the Application states that the projected annual non-gas distribution revenue from the two active customers is \$1,786.09. Please reconcile these figures. Further, please provide a workpaper, with all assumptions and calculations shown, demonstrating how the company calculated:
 - a) the non-gas distribution revenue based on the usage reflected in Attachment A;
and
 - b) the projected annual non-gas distribution revenue for the two active customers.
