

The case is not worth adjudicating for the PUC, especially when the Final Order would not even need to be followed.

I do not believe it is in the Commonwealth's interest to fund private utility projects that do not benefit and/or are detrimental to the people reliant on them.

I just wanted to be a good neighbor. That's on me.

My apologies for my concerns; they prove null and void to this agency. My concession is with heartfelt sadness of people who have no alternative to the water provided. At least we can look a very pretty and expensive building off the river.
