**RE: Application of Inter States NEMT, LLC, 154 W Penn St., Unit A, Carlisle, Cumberland County, PA 17013. 410-699-2232**

To Whom It May Concern:

The purpose of this Letter is to advise you that your Application, Docket No. A-2026-3060731, has been **DENIED** by the Pennsylvania Public Utility Commission (Commission). The Commission has determined that a Certificate of Public Convenience **WILL NOT BE GRANTED** for the following reason(s):

• **Failure to establish fitness to operate:**

On February 26, 2026, the application of Inter States NEMT, LLC, was accepted by the Commission for review. In analyzing the applicant's application and supporting statements multiple deficiencies were noted. On March 4, 2026, the applicant was issued a 10-day data request seeking necessary policy revisions and suitable financial evidence to establish its ability to offer safe, efficient, and reasonable transportation. The applicant was provided with detailed guidance and examples to assist it in providing the necessary corrections and updates.

The applicant's response to the Commission was received on March 16, 2026. The applicant's response addressed several policy concerns but failed to establish that it had suitable financial fitness. The applicant's response included an undated balance sheet which indicated total cash holdings of \$11,600 and current liabilities of \$5,450. The evidence submitted in support of the balance sheet demonstrated actual cash holdings of \$6,150 – after a bank deduction of \$5,450 due to a returned check. No evidence or explanation was provided for the \$5,450 current liability. In addition to the debt shown on the balance sheet, the applicant has also presented evidence of expected high initial costs for the requisite insurance coverage and multiple impending vehicle transfer fees.

The presented finances must be viewed in light of these undated conflicting balances, unexplained current debts, substantial impending insurance payments, impending vehicle

transfer fees, and the potential maintenance costs associated with high mileage vehicles which are at least 14 model years old. As presented, the Commission finds itself incapable of concluding that the applicant has the adequate means to render safe, efficient, and reasonable transportation.

**For these reasons the application is DISMISSED and DENIED**
