Reference the Petition of Aqua Pennsylvania Wastewater Inc. (APW), filed on January 20, 2026, Exhibit A.

1. Reference Exhibit A

- a. The Commission finds that the Pennsylvania Supreme Court’s unanimous decision issued on December 16, 2025, while reversing the Commonwealth Court’s decision, was not determinative on all aspects of the case and remanded for further proceedings the matter of the OCA’s contention that the Commission’s factual findings were not supported by substantial evidence of record.² Thus, the matter of APW’s acquisition of the East Whiteland Township wastewater system has not been fully resolved by the Commonwealth Court of Pennsylvania. Pursuant to the Opinion and Order entered on February 7, 2025, at Docket No. P-2024-3052037, the Commission denied APW’s request to include the wastewater assets of East Whiteland Township and to apply those assets to APW’s ratemaking rate base. The Commission further determined that the Commonwealth Court’s decision controls as to the ownership of the East Whiteland system and is binding on the Commission. The Commission also determined that the best course of action was to maintain the status quo of the existing East Whiteland rates. APW’s current wastewater tariff explicitly excludes East Whiteland customers from the DSIC, as does APW’s compliance tariff for its most recent rate case at Docket Nos. R-2024-3047822, *et al.* Therefore, the assets of the East Whiteland Township wastewater system are not jurisdictional and do not meet the definition of eligible property under 52 Pa. Code § 121.2, and East Whiteland customers are not subject to the DSIC. Therefore, APW is directed to file within 30 days an amended LTIIP that excludes the assets and expenditures related to the repair and replacement of any infrastructure of the East Whiteland Township wastewater system. Failure to do so may result in the Commission rejecting APW’s LTIIP, pursuant to 52 Pa. Code § 121.4.
