Request for Information

1.) Question #10 of the application.

Your proposed service would fall under the scope of Contract Carrier authority. Submit a Contract Carrier application to include a cover letter referencing the docket number in this letter. Clearly state your intent to revise your authority. As well as a complete list of licensed brokers that you intend to work with, a signed contract for each, which must include rates to be charged.

All following questions should be answered in full and can be answered within the new application.

2.) Question # 2 of the Verified Statement. A statement of ownership is not requested here.

We need you to list Peace & Blessing Home Care Services Inc's relationship with other motor carrier companies here.

3.) Question #5 of the Verified Statement. Explain your policy regarding your driver training program beyond saying that only will be offered and completed.

4.) Question #6 of the Verified Statement. The applicant indicated it does not possess a vehicle. Please provide an explanation of its plan to obtain one.

5.) Question #8 of the Verified Statement. What is your projected annual cost for commercial coverage and which companies have you received quotes from? Have you verified that your policy will support the filing of the required Form E with the Commission? It is not possible to determine your financial fitness without being able to consider your anticipated operating costs (such as projected insurance premiums), or for you to know if you have suitable finances to operate.

6.) The Statement of Financial Position.

The lack of vehicle(s) and the funds in place as shown on your bank statement would not be sufficient for your company to be fit to operate. Please submit an improved bank account statement verifying the Balance Sheet's cash assets showing that the company has financial fitness to provide safe, efficient, and reliable service. This includes the ability to buy, maintain, repair and possibly replace the vehicle(s) and pay insurance premiums. Applicants lacking suitable finances, resources, and equipment will be denied authority.

- If you have not fully funded and equipped the business, now is the time to do so before re-submitting your corrections/updates).

It is in your best interest to provide accurate, complete, and timely responses. Failure to do so is sufficient grounds to justify the denial of your application. Be advised that additional corrections may not always be requested; therefore, prior to submitting your responses, your consultation with an attorney or financial expert familiar with Commission regulated Motor Carrier related proceedings is highly encouraged.
