Dear Mikel Cammisa:

We are pleased that Meter Energy Technologies LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. (“Columbia Gas”).

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Meter Energy Technologies LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Meter Energy Technologies LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Meter Energy Technologies LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas’ exposure to Meter Energy Technologies LLC changes in the future, Columbia Gas might deem it appropriate to require Meter Energy Technologies LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4881 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Dear Mikel Cammisa:

We are pleased that Meter Energy Technologies, LLC has applied for a license to provide natural gas services on Peoples Natural Gas Company LLC. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Division and Peoples Gas Division (formerly Peoples TWP).

Since Meter Energy Technologies, LLC is not currently serving customers on the Peoples systems, we have determined at this time that Meter Energy Technologies, LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Meter Energy Technologies, LLC's provision of services on the Peoples' system in the future, the Company may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.

RE: Meter Energy Technologies, LLC
Application to Serve as a Natural Gas Broker

Dear Mr. Cammisa,

Based on your assertion that Meter Energy Technologies, LLC (“Meter Energy”) is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division (“UGIU”) has concluded that Meter Energy will not need to post security with UGIU. This is based on the declaration that Meter Energy will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If Meter Energy wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Sincerely,

RE: Security Requirement Bond for **Meter Energy Technologies, LLC**

Dear Mr. Ted and Mike:

Philadelphia Gas Works (“PGW”) is aware that **Meter Energy Technologies, LLC** has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, **Meter Energy Technologies LLC** must furnish acceptable security to each utility were **Meter Energy Technologies, LLC**, will do business. As such, under its tariff, Philadelphia Gas Works could require **Meter Energy Technologies, LLC** to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works’ understanding, that **Meter Energy Technologies LLC** intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services **Meter Energy Technologies, LLC** will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, **Meter Energy Technologies LLC** does not need to post a bond or other form of security to operate in its service territory. If the services provided by **Meter Energy Technologies LLC** should change, Philadelphia Gas Works reserves the right to require security from **Meter Energy Technologies, LLC** as it is deemed appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6726.

RE: Meter Technologies, LLC

Dear Mr. Ritsick:

We understand that Meter Technologies, LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania, including our company's service area.

Pursuant to 66 Pa.C.S. § 2208(c), an applicant for a natural gas supplier license must furnish security to each utility where it will do business to ensure the supplier's financial responsibility. To this end, Valley Energy periodically will perform a credit review and analysis of Meter Technologies LLC when it begins to serve customers on Valley Energy's system. Valley Energy will determine whether Meter Technologies, LLC must post a security based on the credit review, the types of customers served, the volumes expected to be delivered for those customers and the other rules in Valley Energy's Supplier Tariff. At this time, no security is being requested; however, if the services provided change in the future, we reserve the right to require security from Meter Technologies, LLC as deemed appropriate.

If you have any questions, please contact Jamie Beale at 570-888-9664 (Ext. 5232).

Sincerely,
