Dear Josiah,

Pursuant to 66 Pa. C. S. § 2208 (c), an applicant for a natural gas supplier license in the Commonwealth of Pennsylvania must furnish security to each utility where the supplier will do business to ensure the financial responsibility of such natural gas supplier. To this end, National Fuel Gas Distribution Corporation ("National Fuel") will perform a credit review and analysis of Radiate Energy, LLC (REN) and determine at the appropriate time whether REN must post a security deposit acceptable to National Fuel in order to operate as a supplier on National Fuel's system.

REN's security requirement to serve Pennsylvania customers is dependent on the type of transportation service utilized by REN. There is no Natural Gas Supplier (NGS) security requirement for customers that will be enrolled in National Fuel's Purchase of Receivable (POR) program. As such, REN will not be required to post security for customers enrolled in the POR program. A security deposit will be required for transportation customers not enrolled in the POR program.

Should you have any questions concerning the above, please contact me at 716-857-7541.

Yours truly,

Jason Allen  
Transportation Service Department
