RE: Pittsburgh Water
Distribution System Improvement Charge - Water
Effective April 1, 2026
M-2026-3061266

Dear Ms. O'Dell:

The Bureau of Audits has reviewed Pittsburgh Water's proposed Distribution System Improvement Charge (DSIC) filing submitted on March 23, 2026 and subsequently revised on March 30, 2026 to become effective April 1, 2026. Pittsburgh Water is not proposing to change its currently effective DSIC rate of 5.0%; therefore, no tariff supplement is included with the filing.

Based upon staff review, it appears that the proposed DSIC rate for the three-month period of April 1, 2026 through June 30, 2026 is consistent with the tariff and, accordingly, is permitted to remain effective as filed.

The DSIC is subject to continuous Commission review and audit as well as reconciliation reports in accordance with Section 1307(e) of the Public Utility Code, 66 Pa. C.S. § 1307(e).

Pursuant to the Commission's regulations at 52 Pa. Code § 5.44 (relating to petitions for reconsideration from actions of the staff), you may appeal by filing a petition for reconsideration with the Commission within 20 days of the date of this letter. Any subsequent submissions to the Commission related to this docketed case should reference Docket No. M-2026-3061266.

Sincerely,

A handwritten signature in black ink that reads 'Matthew L. Homsher'.

Matthew L. Homsher
Secretary
