RE: Electric Generation Supplier License Application

Dear Mr. Elias:

On February 24, 2026, the Pennsylvania Public Utility Commission (Commission) received Elias Energy Group LLC's incomplete Application for an Electric Generation Supplier (EGS) license. On March 5, 2026, the Commission notified Elias Energy Group LLC through a Secretarial Letter that its EGS license Application was not properly completed and contained deficiencies that must be corrected and submitted within 20 days. The Secretarial Letter stated that failure to timely respond would result in the Application being deemed rejected<sup>1</sup> and the docket closed. To date, a corrected and complete Application has not been received by the Commission's Secretary's Bureau.

Given Elias Energy Group LLC's failure to correct the deficiencies and provide a complete EGS license Application, the Commission deems Elias Energy Group LLC's EGS license Application unacceptable and therefore it is rejected without prejudice. The Application fee is a processing fee and NOT refundable.

Please be advised that if Elias Energy Group LLC were to resubmit an Application for an EGS license, it must file a complete EGS license Application and submit a filing fee of \$350.

Please direct any questions to Darren Gill, Deputy Director, Bureau of Technical Utility Services, at (717) 783-5244.

Sincerely,

A handwritten signature in black ink that reads 'Matthew L. Homsher'.

Matthew L. Homsher  
Secretary
