

**SEVENTH STATUS REPORT TO THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

DEER HAVEN, LLC (WATER)

AQUA PENNSYLVANIA, INC., AS RECEIVER

DOCKET NOS. P-2024-3050545 and I-2024-3051540

Dated: April 6, 2026

A. BACKGROUND

On August 1, 2024, Deer Haven, LLC (Water) (“DH Water”) filed a Petition requesting that the Pennsylvania Public Utility Commission (“PUC” or the “Commission”) issue an *Ex Parte* Emergency Order Allowing Aqua Pennsylvania, Inc. to Act as a Receiver to Operate the Deer Haven Water and Sewer Systems.¹ The Commission issued an *Ex Parte* Emergency Order naming Pocono Water Works Company, Inc. (“Pocono Water”) as Receiver.² Aqua Pennsylvania, Inc. (“AP”) filed a letter on August 13, 2024, regarding the DH Water system and noted that AP would be willing to act as the Receiver for the DH Water system. AP also informed the Commission that the DH Water system consisted of a community water system (DH Water – White Beauty View Estates) and non-community water system (DH Water – Lower White Pines) that the prior operator was providing services for:

The Deer Haven Water System is a community water system consisting of approximately 43 customers; however, the prior operator was also operating a non-transient non-community water system that does not have established treatment processes which is close in proximity to, but separate from, the Deer Haven Water System. Aqua specifically requests that the Commission clarify Aqua’s role regarding management and oversight to the non-transient non-community water system in addition to the Deer Haven Water System to ensure water quality for these residents.³

AP is now operating both the community and non-community DH Water systems to ensure the safety of the public.

On August 22, 2024, Chairman DeFrank issued a motion to name AP as Receiver for the DH Water System. On August 26, 2024, the Commission issued a Ratification Order naming AP as Receiver for the DH Water system and modifying the existing *Ex Parte* Emergency Order to remove Pocono Water as the Receiver, along with other modifications requested by AP.⁴

The two separate DH Water systems serve approximately 40 customers in Palmyra Township, Pike County, Pennsylvania. The DH Water systems abut Lake Wallenpaupack and are near several of AP’s water systems including Tanglwood North and Tanglwood Lakes. Included within the Commission’s Receivership Order, the Company was directed to “[s]ubmit an initial status report to the Commission within 60 days of August 7, 2024, and then quarterly thereafter to detail any relevant updates pursuant to duties and responsibilities assigned through receivership.”⁵ AP submitted its Initial Status Report on October 7, 2024. AP submitted its Second Status Report on January 6, 2025. AP submitted its Third Status Report on April 7, 2025. AP submitted its

¹ *Petition of Deer Haven, LLC Requesting an Ex Parte Emergency Order Allowing Aqua Pennsylvania, Inc. to Act as a Receiver to Operate the Deer Haven Water and Sewer Systems*, Docket No. P-2024-3050545. (“DH Petition”).

² *DH Petition*, Docket No. P-2024-3050545, *Ex Parte* Emergency Order (Aug. 7, 2024) (“*Ex Parte* Emergency Order”).

³ Letter of AP Re: DH Petition, Docket No. P-2024-3050545 (Aug. 13, 2024).

⁴ DH Petition, Docket No. P-2024-3050545, Ratification Order, Ordering Paragraph 2 (Aug. 26, 2024) (hereinafter “Ratification Order”).

⁵ *Ratification Order*, Ordering Paragraph No. 5, Appendix A, Paragraph 1.o.

Fourth Status Report on July 7, 2025. AP submitted its Fifth Status Report on October 6, 2025. AP submitted its Sixth Status Report on January 5, 2026.

Aqua now submits its Seventh Status Report on the operations of DH Water as directed by the Commission.

B. SEVENTH STATUS REPORT

1. Receivership Order

The Commission directed that utility services serving the DH Water facilities be transferred to the Receiver.⁶ Electric service was transferred and established in AP's name as Receiver in accordance with the Commission's Receivership Order.

The Commission directed that DH Water preserve all hard copy or electronic records, files, bank statements, documents, papers, or any other materials related to the offering of utility water service, including records of all contracts, agreements loans, payments, and other arrangements with affiliated companies.⁷

The Commission directed that by August 22, 2024, DH Water turn over copies or originals of all books, records, accounts, and any other information, and all operations assets, including keys to locks securing facilities, buildings, and any other property, whether personal or real property, used and useful in the provision of utility water service to customers served by DH Water to the Receiver.⁸ The Commission also directed that DH Water, including its owners and employees, provide full and unconditional cooperation with the orderly transition of operations, management, and oversight to the Receiver.⁹

2. Operations and Capital Expenditures

On August 22, 2024, AP began its Receivership duties for the DH Water systems. AP is currently managing the DH Water systems with current staff. The community water system serves approximately 20 customers, and the non-community water system serves approximately 20 customers – a total of 40 customers. AP was informed that the DH Water – White Beauty View Estates (community) water system has been on a boil water notice since June 26, 2024, due to a failure of the 4-Log disinfection system. AP lifted the boil water notice on November 6, 2024.

AP repaired two leaks on February 1, 2026 and February 2, 2026. No other significant operational issues or capital improvements occurred.

Regarding the transient non-community DH Water – Lower White Pines – system, AP plans to monitor the operation of the production and distribution systems. There is currently no water treatment for this transient non-community water system, as treatment is not required for a non-community water system. This system is not on a boil water notice.

⁶ *Id.* Ordering Paragraph No. 10.

⁷ *Id.* Ordering Paragraph No. 11.

⁸ *Id.* Ordering Paragraph No. 12 and 13 as Modified by the Ratification Order.

⁹ *Id.* Ordering Paragraph No. 14.

AP established a website to provide information to customers concerning the DH Water system: <https://www.aquawater.com/deerhaven>

As AP continues to operate the system to ensure compliance with the Ratification Order, AP will make improvements necessary to provide quality and reliable service. AP will have further information on operational issues in later status reports.

3. Financial

The Ratification Order directed AP to establish the financial position of DH Water at the time AP assumed its Receivership role.¹⁰ AP is working to establish the financial position of DH Water as of the start of AP's Receivership. AP will continue to track expenses and capital improvements related to the DH Water system through deferred accounting treatment via establishment of a regulatory asset in accordance with AP's Receivership duties.¹¹

The Company notes that the current revenues of the DH Water system are insufficient to cover current and future operational expenses (40 customers x \$15 per month x 12 months = \$7,200).¹²

4. Settlement

AP is currently developing an asset purchase agreement after reaching an agreement in principle with DH Water for the sale of the DH Water system.

C. CONCLUSION

AP will continue to investigate the DH Water systems' operations and financial status and will make necessary improvements to operate the DH Water systems to ensure quality and reliability of service to the DH Water customers for the period of its Receivership duties during the 529 proceeding. AP will provide an update to this Status Report on or before July 6, 2026.

¹⁰ *Id.* Ordering Paragraph 5, Appendix A Paragraph 1.r.

¹¹ *Id.* Ordering Paragraph 5, Appendix A, Paragraphs 1.s and 2.b.

¹² AP notes that although the DH Water tariff notes a commercial customer rate, there were no commercial DH Water customers listed in the records provided to AP. Also, AP notes that the mobile home park customers noted in the tariff no longer exist.
