Re: Electric Generation Supplier License of MCA Energy Services, Inc. d/b/a Industrial Energy

Dear Mr. Damico:

On March 3, 2026, MAA, Inc. d/b/a Industrial Energy (MAA) filed a request with the Pennsylvania Public Utility Commission (Commission) to change the name on its license to provide electric generation services, as a broker/marketer, to MCA Energy Services, Inc. d/b/a Industrial Energy (MCA Energy Services).

Currently, MAA is licensed as MAA, Inc. d/b/a Industrial Energy as a broker/marketer to residential, small commercial (25 kW and under demand), large commercial (over 25 kW demand), industrial, and governmental customers in all of the electric distribution company service territories throughout the Commonwealth of Pennsylvania.

MCA Energy Services has provided the proper Pennsylvania Department of State documentation and has provided proof of service to the interested parties as required by the Commission. Furthermore, MCA Energy Services has provided an update to its financial security instrument reflecting its new name.

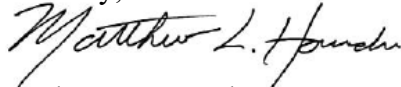

Therefore, the Commission approves, by this Secretarial Letter, the change of MAA, Inc. d/b/a Industrial Energy's name on its license for the provision of electric generation services as a broker/marketer.

The Secretary's Bureau will issue a new license to MCA Energy Services, Inc. d/b/a Industrial Energy the right to begin to offer, render, furnish, or supply electric generation services as a broker/marketer to residential, small commercial (25 kW and under demand), large commercial (over 25 kW demand), industrial, and governmental customers in all of the electric distribution company service territories throughout the Commonwealth of Pennsylvania.

The Secretary's Bureau will update the company's name in its computer system and lists, as appropriate, to be MCA Energy Services, Inc. d/b/a Industrial Energy.

If you have any questions in this matter, please contact Jeff McCracken of the Bureau of Technical Utility Services at jmccracken@pa.gov or 717-783-6163.

Sincerely,
