Docket No. A-2026-3059919 Clear Energy Solutions LLC Data Requests

1. Reference Application, Section 2.b, Formation Documents – Applicant is required to provide its limited liability company formation documentation. Please provide the missing documentation.

I have attached the only copy of the original LLC formation document currently in my possession. The copy is an older and somewhat blurry copy, but it is the only original formation document available in my records at this time. If you need a clearer copy please let me know, I can try to get one from the state.

I have also previously submitted the Delaware certificate confirming that Clear Energy Solutions LLC is duly formed and in good standing.

REQUEST BALANCE

2. Reference Application, Section 7.b, Financial Fitness – Please provide three recent consecutive months of entire bank statements.

I have the most recent three months bank statements attached.

3. Reference Application, Section 12, Notarized Proofs – Applicant submitted a notarized proof of publication for the Philadelphia Inquirer that failed to include its Docket No. Please provide a notarized proof of publication for the Philadelphia Inquirer that contains applicant's Docket No.

Applicant respectfully requests clarification regarding Item 3 of the March 4, 2026 deficiency letter. Section 12 of the application instructions states that applicants do not need a docket number in their publication because docket numbers are issued only after the application satisfies the applicable checklist requirements. Applicant therefore published the notice consistent with Section 12 as written. Because the instructions state that a docket number is not required in the publication, Applicant respectfully requests that the notarized proof of publication already submitted be accepted as compliant, or that the Commission please clarify the basis for requiring a publication containing the docket number.

I, Eric Brunhammer, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief, and that I expect to be able to prove the same at a hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa. C.S. § 4904 (relating to unsworn falsification to authorities).
