TO ALL PARTIES OF RECORD

Application of Gigapower LLC for approval of the alteration of the public crossing (DOT 249 610 A) by the installation of a fiber optic cable where Chestnut Street crosses, below grade, a track of the Pennsylvania Northeast Regional Authority operated thereon by Delaware-Lackawanna Railroad, in Mayfield Borough, Lackawanna County.

To Whom It May Concern:

By application received by the Commission on February 5, 2026, and by a revised application received on February 12, 2026, Gigapower LLC for approval of the alteration of the public crossing (DOT 249 610 A) by the installation of a fiber optic cable where Chestnut Street crosses, below grade, a track of the Pennsylvania Northeast Regional Authority operated thereon by Delaware-Lackawanna Railroad, in Mayfield Borough, Lackawanna County.

Gigapower LLC proposes to install a new aerial fiber optic cable in an aerial duct connected to existing utility poles that will pass under the railroad bridge without being attached to the bridge structure and within the right of way of Chestnut Street.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Gigapower LLC states that the proposed aerial fiber optic cable is necessary to provide residents of Mayfield Borough high quality fiber internet. Gigapower LLC will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the fiber optic facilities, at its sole cost and expense. The cost of the project is anticipated to be \$10,000.

All work is to be performed in accordance with the plan entitled: "PUBLIC UTILITIES COMMISSION RAILROAD PERMIT APPLICATION CROSSING NUMBER: 249610A 714 CHESTNUT MAYFIELD, PA LACKAWANNA COUNTY" consisting of nine (9) sheets that were submitted to the Commission with the revised application on February 12, 2026.

Gigapower LLC served a copy of the revised application and plan on the Pennsylvania Northeast Regional Authority, the Delaware-Lackawanna Railroad, Verizon Pennsylvania Inc., North Penn Long Distance Corporation, Comcast, Teleport Communications America LLC, CTSI, LLC, Zito Media, XO Communications, Inc., ION Holdco LLC, Mayfield Borough, and the Pennsylvania Department of Transportation. Gigapower LLC did not serve Lackawanna County with a copy of the application or plan.

All parties in interest, including Lackawanna County, were queried by letter dated February 18, 2026, and provided a copy of the revised application and plan dated February 12, 2026, sent via email as to any objection to the subject application and plan. None of the parties have responded with any objections. Lackawanna County will be added as a party or record. This Secretarial Letter will be issued to all the parties of record and will provide an opportunity for a response within twenty days of this Secretarial Letter issuance date.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.
