Currently, Bakey Energy Consulting is licensed as a broker/marketer to provide electric generation services to residential, small commercial (demand under 25 kW), large commercial (over 25 kW), industrial, and governmental customers, as well as residential and small commercial (limited to mixed meters) customers, pursuant to the Commission's Secretarial Letter served March 25, 2011 at Docket No. M-2009-2082042, in the electric distribution company service territories of FirstEnergy Pennsylvania Electric Company – Met-Ed, PECO Energy Company, and PPL Electric Utilities Corporation in the Commonwealth of Pennsylvania.

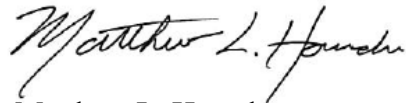

Bakey Energy Consulting has provided proof of service to the interested parties and proof of publication in appropriate newspapers as required by the Commission. No protests were filed.
