**RE: Distribution System Improvement Charge
Section 1307(e) Reconciliation Statement
For the 12 months ended December 31, 2025
M-2026-3060022**

Dear Ms. Buzaladze:

The Bureau of Audits has reviewed Veolia Water Pennsylvania Inc.'s Distribution System Improvement Charge (DSIC) E-factor reconciliation statement in lieu of a Section 1307(e) Reconciliation Statement as no C-factor rate was effective during the 2025 calendar year.

Based upon staff review, it appears that the filing made on January 26, 2026, and revised on March 13, 2026, shall be deemed an adequate filing within the meaning of Section 1307(e) of the Public Utility Code, 66 Pa. C.S. § 1307(e).

Acceptance of the E-factor reconciliation statement in lieu of a DSIC Section 1307(e) Reconciliation Statement is expressly subject to such further review and revision as may be found necessary as the result of a subsequent Commission audit or some other proceeding. Acceptance shall not constitute approval of either the accuracy of the reported figures or the reasonableness of the underlying transactions.

This Secretarial Letter does not preclude a party from later filing a complaint on the substance or operation of the adjustment clause rate change filing. Any subsequent submissions to the Commission related to this docketed case should reference Docket No. M-2026-3060022.

Sincerely,

A handwritten signature in black ink that reads 'Matthew L. Homsher'.
