TUS Data Request Set 1

The York Water Company Annual Asset Optimization Plan at Docket No. P-2026-3060773

Note: Please restate the data request prior to providing a response. In addition, provide the name and title of the person(s) providing the response and/or information for each data request.

- P-1. The York Water Company's (York's) Annual Asset Optimization Plan (AAOP) reported annual expenditures of \$22.84 million for Mains for 2025, as compared to the approved Long-Term Infrastructure Improvement Plan (LTIIIP) projected amount of \$12.66 million, which was an approximate 80% increase in spending for the Mains LTIIIP category. Specifically, York's AAOP noted that York replaced 10.2 miles of main, while its LTIIIP called for 11.4 miles of main replacement. Please provide detail on the significant increase in expenditures, including a breakdown of the specific expenditures in the Mains project area, i.e., the amounts spent on other capital costs not directly related to replacement of main.
