

Douglas Heller  
v.  
PECO Energy Company

Docket No. C-2026-3060460

4/22/2026

Re: Douglas Heller v. PECO Energy Company, Docket No. C-2026-3060460  
Motion for Continuance

Dear Judge Vero:

I am the Complainant in the above-referenced matter, appearing pro se. I am writing to respectfully request a continuance of the formal hearing currently scheduled for Thursday, May 14, 2026 at 10:00 AM.

My family is expecting the imminent birth of our first child within the next several days. Given the timing and the adjustment period that will follow, I do not believe I can participate effectively in a formal proceeding on May 14. I would like to be fully prepared and focused when presenting my case.

I am requesting that the hearing be rescheduled to a date on or after July 13, 2026, to allow a reasonable recovery period. I am flexible on the specific date and will make myself available at whatever date the Commission determines appropriate.

As required by the Prehearing Order, I contacted counsel for PECO Energy Company, Margaret A. Morris, Esquire, by email to ask whether PECO would object to this request. By email dated Apr 22, 2026, Ms. Morris confirmed that PECO does not object.

Thank you for your consideration of this request.

Respectfully,

Douglas Heller  
Complainant, Pro Se
