will not be addressed by any other participant.

III. GROUNDS FOR PROTEST

8. As the proponent of an order seeking issuance of a certificate of public convenience, the Applicant carries the burden of proof. 66 Pa.C.S. §332(a). Applicant has not made a sufficient and adequate showing that it possesses, or is likely to possess, sufficient technical and financial ability to allow the Commission to find or determine that granting a certificate of public convenience to Applicant is necessary or proper for the service, accommodation, convenience or safety of the public pursuant to Section 1103(a) of the Public Utility Code. 66 Pa.C.S. § 1103(a). Applicant's financial base is thin, heavily reliant on premium financing, and built around a single leased/rented vehicle with no hard transportation assets. In addition, Applicant has not made a sufficient and adequate showing that it is likely to operate safely when providing paratransit service.

9. Applicant has failed to provide a sufficient description of its facilities, including a description of its physical location and the facility which will be utilized to house the leased vehicle identified in the Application, as required by the Commission's Application at ¶4 of the "Verified Statement of Applicant." Applicant states that it has not yet acquired any vehicles in outright ownership but has claimed to have a lease/rental agreement for one 2026 Ford Transit 350.

10. Applicant has failed to describe its record maintenance plan, including both its plan to maintain records required by the Commission at 52 Pa. Code § 29.111, as well as normal business records, as required by Application at ¶4 of the "Verified Statement of Applicant."

11. On the issue of technical fitness, Applicant has not identified any employees, including dispatchers, who will be responsible for the conduct of the business that could take place throughout a substantial portion of Pennsylvania. The Commission's Policy Statement on the

evidentiary criteria used to decide motor carrier applications states that Applicant has the burden to demonstrate compliance with fitness standards, including “[w]hether an applicant has sufficient capital, equipment, facilities and other resources necessary *to serve the territory requested.*” (emphasis added) 52 Pa. Code § 41.14(1). Applicant states that it does not have prior direct experience operating a transportation company.

12. Applicant purports to have policies in place for a driver training program; however, Applicant has offered no support that individuals qualified to provide such evaluation, training and testing are part of the business. Applicant has failed to explain how drivers will be trained to safely transport and escort paratransit passengers. These omissions indicate that Applicant lacks the technical fitness to operate in paratransit and cannot demonstrate that it is likely to operate safely when providing service.

13. Applicant has also failed to provide sufficient evidence of financial fitness. There is no indication Applicant is prepared to follow generally accepted accounting principles in its record keeping, as required by the Commission. 52 Pa. Code § 29.41(a). There is no indication the business will have sufficient liquidity in the form of a line of credit, sufficient cash or other funding sources available to cover the reasonable and customary costs of operating its proposed service. Applicant has provided no information in the Application indicating it has taken into account normal business expenses, such as the cost of vehicle maintenance expense, marking of vehicles or salaries of drivers. Nor has any projection of likely income from the paratransit service business been provided.

14. The grounds for Protest are not limited to the above but are by way of example. Protestants reserve the right to supplement the basis for this Protest as information is developed.

WHEREFORE, for all the foregoing reasons, the Joint Protestants respectfully request that

they be granted full party status in this proceeding as Protestants and, absent a resolution of this proceeding in the next sixty (60) days, that hearings be scheduled so that the Commission may develop an evidentiary record concerning the issues raised in this Joint Protest, and that the Application of Nurex, LLC be denied.

Respectfully submitted,
