RULES AND REGULATIONS APPLYING TO ALL TERRITORIES SERVED (Cont'd)

4. UPGRADE/EXTENSION OF FACILITIES (Cont'd)

F. Refunds of Customer Investment

Any customer attaching to a facility extended/upgraded within five (5) years of completion thereof will be required to contribute to the cost of the extension/upgrade in accordance with Rules 3 and 4. In the event a new customer attaches to an extension/upgrade of the Company's facilities paid for by a customer or a developer/builder, within five (5) years of the date of completion thereof, a pro rata refund will be made to customers or developer/builder who were charged for such extension. In the alternative, the customer or builder/developer and Distribution may mutually agree in writing that the refund, if any, shall equal the Company's Maximum Company Investment for the attaching customer less the Company's actual attachment cost of construction. An annual review of such extensions is made on the anniversary date of completion thereof, during said five (5) years, and any refunds due are made at that time except for extensions for a developer/builder of commercial or industrial property which shall be reviewed at the end of year five (5) and any refunds due will be made at that time. No refunds will be paid for attachments occurring more than five (5) years after the completion date and in no case will the aggregate amount of refunds to a customer or developer/builder exceed the amount which the customer or developer/builder paid for the mainline extension/upgrade.

5. MAINTENANCE OF FACILITIES

After initial installation of facilities has been made, pursuant to Rule Nos. 3 and 4, above, all facilities including mains, customer service lines (*i.e.*, the portion of the service line from the outlet of the Company's service stop cock to the inlet of the meter) and Company service lines (*i.e.* the portion of the service line from the gas main to and including the curb box and service stop cock), shall be maintained, replaced or renewed, as required, at the expense of the Company.

SPECIAL PROVISION FOR FORMER NEHL PREMISES:

As used herein, the term "Former NEHL Premises" shall mean premises that were previously served by North East Heat & Light.

Notwithstanding any provision to the contrary contained herein:

- At Former NEHL Premises, ownership of existing customer-owned service lines shall remain with the customer unless and until the Company determines, in its sole discretion, that replacement is required. Upon such determination, the Company shall install a new Company-owned service line at the Company's expense, and it shall be a condition of service that the customer permit such installation. The existing customer-owned service line shall then be disconnected and abandoned in place in accordance with Company standards and applicable codes.
- For subsequent applicants at Former NEHL Premises:
 - (a) if a customer-owned service line is already present, the Company may, in its sole discretion, determine that a new service line must be installed; in such case, the Company will install a new Company-owned service line at its expense, and the existing customer-owned line will be abandoned in place; and
 - (b) if no service line is present, or the line has been removed or cut off, the applicant shall pay for the extension of facilities in accordance with Rule 5 of this tariff.

5A. SPECIAL UTILITY SERVICES

The provisions of Rules 3 and 4 do not apply to applications for special utility service. "Special utility service" shall include (a) a request for utility service when the applicant has an installed alternative fuel capability, including service from a natural gas well; (b) a request for utility service when the applicant is already receiving natural gas service from another Pennsylvania public utility; (c) a request for utility service from an applicant located in an area in which another natural gas utility is authorized to serve the applicant; (d) a request for utility service by an applicant who was the owner or ratepayer of record for the premises at the time the Company last provided service to the premises; (e) any request for service by an applicant who, in the Company's view, is unlikely to remain on the Company's system for a sufficient period of time to justify the extension. Applications for special utility service shall be resolved on a case-by-case basis through negotiations between the applicant and the company.

**CERTAIN DEFINED TERMS
RELATED TO CUSTOMERS PREVIOUSLY SERVED BY NEHL**

Closing Date - May 1, 2026, which is the date on which the acquisition of NEHL by National Fuel Gas Distribution Corporation is consummated.

Former NEHL Customers - Customers of record who were receiving natural gas service from NEHL at their service address as of the Closing Date, and who continue to receive service at that same service address thereafter. This definition does not extend to new applicants at such premises after the Closing Date, or to Former NEHL Customers who relocate or otherwise transfer service to a different service address.

NEHL - North East Heat & Light Company.

Former NEHL Customers DSIC Effective Date - the first day of the calendar year quarter (e.g., Jan. 1, April 1, July 1, Sept. 1) after which the Commission approves the Company's Long-Term Infrastructure Improvement Plan amendments to include the system assets formerly owned by NEHL.

FORMER NEHL RESIDENTIAL SERVICE RATE SCHEDULE

AVAILABILITY OF SERVICE:

Service under this rate schedule shall be available to: (i) Former NEHL Customers who previously received service under "Rate R - Residential Customers" from NEHL as of the Closing Date; and (ii) Former NEHL Customers who, after receiving service from the Company under Rate Schedule CAP, have elected to either unenroll in Rate Schedule CAP or otherwise lost eligibility for same.

RATE SCHEDULE CAP
FOR CUSTOMER ASSISTANCE PROGRAM SERVICE ("CAP")

AVAILABILITY OF SERVICE

Service under this rate schedule shall be available on/after the effective date of this Tariff Supplement (the "CAP Implementation Date") to those meeting all of the following requirements:

1. Must comply with the terms of CAP as specified in the Company's then-current Universal Service and Energy Conservation Plan ("Plan"). Must be residential heating customers of the Company;
2. Must have a gross household income equal to or less than 150% of the Federal Poverty Income Guidelines (FPIG);
3. All adult individuals residing in the household must agree to: (i) participate in CAP and provide their names and social security numbers or other acceptable forms of identification; and (ii) provide satisfactory verification to prove income, as specified hereinbelow under the heading "Responsibility of a CAP Customer"; and
4. Must agree to receive LIURP services if they meet the eligibility requirements.

Additionally, provided all other eligibility criteria specified herein are met, service under this Rate Schedule CAP shall be available to Former NEHL Customers who previously received service under "Rate R - Residential Customers" from NEHL as of the Closing Date.

(C)

RESPONSIBILITY OF A CAP CUSTOMER

1. All household income must be verified at time of enrollment. Additionally, once enrolled, CAP participants must agree to have their income verified periodically (at intervals as specified in the Company's Plan) and advise the Company if their income or household size changes. For those reporting "zero" or "no" income, reverification may be made using the Commission's Standard CAP Reverification Form.
2. Payment of the "CAP Balance Due Amount" (defined in this Rate Schedule) are required to avoid termination of service.
3. No extensions or arrangements (to avoid termination of service) will be offered to CAP customers.
4. Must comply with the terms of CAP as specified in the Company's Plan.
5. The ratepayer must agree to apply annually for LIHEAP, if eligible and LIHEAP is available.

APPLICATION PROCESS

Prospective CAP customers must complete the application as specified in the Plan. Enrollment in CAP will occur upon the Company's review and verification that the individual(s) who have made application to participate in CAP meet the requirements specified herein and in the Plan.

SPECIAL TRANSITION PROVISION - Consistent with the Company's Plan (approved by Order of the Commission on December 22, 2022 at Docket No. M-2021-3024935), all customers who were enrolled in National Fuel's former customer assistance program, known as the "Low-Income Residential Assistance" Program ("LIRA") on the date immediately prior to the CAP Implementation Date will automatically be enrolled in CAP (the "Carryover Customers").

FORMER NEHL FIRM TRANSPORTATION SERVICE RATE SCHEDULE

AVAILABILITY OF SERVICE

For Former NEHL Customers who previously received service under "Rate TS - Transportation Service" from NEHL as of the Closing Date or were otherwise eligible to receive service under said "Rate TS - Transportation Service" from NEHL immediately as of the Closing Date.

MONTHLY RATE

The rate for transportation of gas shall be as follows:

- | | | |
|----|--|--------------|
| a. | Former NEHL Residential Customers | \$ 1.478/MCF |
| b. | Former NEHL Commercial/Public Building Customers | \$ 1.435/MCF |
| c. | Former NEHL Industrial Customers | \$ 1.464/MCF |

The above non-purchased gas cost rates shall be subject to:(a) surcharges in accordance with the provisions of Rider B - State Tax Adjustment Surcharge; and (b) as of the Former NEHL Customers DSIC Effective Date, DSIC - Distribution System Improvement Charge. Additionally, Former NEHL Customers receiving transportation under this Rate Schedule will also be subject to applicable balancing charges and other fees as set forth in the Company's Rate Schedule for MMT Service or DMT Service, as well as all other applicable rules of service as specified in the Company's Rate Schedules for MMT Service or DMT Service.

RIDER E
CUSTOMER EDUCATION CHARGE

Effective April 1, 2000, a charge will be included in the rates subject to this Rider to provide for recovery of costs of providing consumer education to inform customers of the changes in the Natural Gas Utility Industry.

The charge will be designed to recover the following customer education costs ("CED costs"):

1. Costs associated with providing information necessary to assist customers in making appropriate choices as to their natural gas service; and
2. Costs associated with any and all consumer education programs as a result of restructuring under the Natural Gas Choice and Competition Act.

APPLICABILITY

In addition to the charges provided in this tariff, a charge calculated in the manner explained below shall be added to the otherwise applicable charge for each Mcf of sales and transportation volumes delivered by the Company to customers receiving service under the Residential, Commercial and Public Authority, SVIS, IVIS, SATC, Former NEHL Residential, Former NEHL Commercial and Public Building, and Former NEHL Industrial rate schedules, or successor rate schedules.

CALCULATION OF RATE

A charge will be recalculated annually based upon deferred and annually projected CED costs.

Effective January 1, 2001, the rate will be calculated to produce a levelized rate reflecting all deferred CED costs, and any actual and expected CED costs for the period from January 1 through December 31 and continue annually thereafter, divided by the total projected volumes of Residential, Commercial and Public Authority, SVIS, IVIS, and SATC rate schedules, for each twelve (12) month period over which this charge will be in effect.

The charge to be included in rates shall be \$0.0000/Mcf.

Effective September 29, 2004 per M-00001326 Secretarial letter Issued June 21, 2004, the rate will be recalculated to remove the third year assessment for state-wide gas consumer education costs. The filing effective September 29, 2004 will not be a reconciled filing.

RIDER F
CAP DISCOUNT CHARGE

CURRENT CAP RATE DISCOUNT

Effective August 1, 2023, a charge will be included in the rates subject to this Rider to provide for recovery of costs of the projected CAP rate discounts, pre-program arrearage forgiveness, and program costs exclusive of company labor for the upcoming 12 months.

Such charge shall be updated quarterly and effective each February 1, May 1, August 1, and November 1 of the year. The charge will also be updated whenever there is a change to the Residential Sales Service Rate Customer Charge, Distribution Charge, Natural Gas Supply Charge, or Gas Adjustment Charge.

APPLICABILITY

In addition to the charges provided in this tariff, a charge calculated in the manner explained below shall be added to the otherwise applicable charge for each Mcf of sales and transportation volumes delivered by the Company to customers receiving service under the Residential Sales Service Rate Schedule, Former NEHL Residential Service Rate Schedule, and the Residential rates/Former NEHL Residential of the SATC, MMT, and DMT transportation rate schedules.

CALCULATION OF RATE

The charge will be recalculated as specified above.

The charge shall be equal to the total annual projected discounts, pre-program arrearage forgiveness, and program costs exclusive of company labor for CAP customers for the upcoming 12 month period divided by the annual normalized throughput volumes of the qualified rate classes. The total annual projected discounts for the CAP customers for the upcoming 12 month period shall equal the sum of the individual monthly total projected discounts for CAP customers for the upcoming 12 months ("CAP Discount"). The total monthly projected discounts, pre-program arrearage forgiveness, and program costs exclusive of company labor for CAP customers shall equal the residential bill for the average CAP customer consumption for the month multiplied by the average discount percentage for CAP service multiplied by the projected number of CAP customers for the month.

The currently effective charge for the current CAP Discount to be included in rates is \$0.1457/Mcf.

RULES AND REGULATIONS APPLYING TO ALL TERRITORIES SERVED (Cont'd)

4. UPGRADE/EXTENSION OF FACILITIES (Cont'd)

F. Refunds of Customer Investment

Any customer attaching to a facility extended/upgraded within five (5) years of completion thereof will be required to contribute to the cost of the extension/upgrade in accordance with Rules 3 and 4. In the event a new customer attaches to an extension/upgrade of the Company's facilities paid for by a customer or a developer/builder, within five (5) years of the date of completion thereof, a pro rata refund will be made to customers or developer/builder who were charged for such extension. In the alternative, the customer or builder/developer and Distribution may mutually agree in writing that the refund, if any, shall equal the Company's Maximum Company Investment for the attaching customer less the Company's actual attachment cost of construction. An annual review of such extensions is made on the anniversary date of completion thereof, during said five (5) years, and any refunds due are made at that time except for extensions for a developer/builder of commercial or industrial property which shall be reviewed at the end of year five (5) and any refunds due will be made at that time. No refunds will be paid for attachments occurring more than five (5) years after the completion date and in no case will the aggregate amount of refunds to a customer or developer/builder exceed the amount which the customer or developer/builder paid for the mainline extension/upgrade.

5. MAINTENANCE OF FACILITIES

After initial installation of facilities has been made, pursuant to Rule Nos. 3 and 4, above, all facilities including mains, customer service lines (i.e., the portion of the service line from the outlet of the Company's service stop cock to the inlet of the meter) and Company service lines (i.e., the portion of the service line from the gas main to and including the curb box and service stop cock), shall be maintained, replaced or renewed, as required, at the expense of the Company.

SPECIAL PROVISION FOR FORMER NEHL PREMISES:

As used herein, the term "Former NEHL Premises" shall mean premises that were previously served by North East Heat & Light.

(C)

Notwithstanding any provision to the contrary contained herein:

- At Former NEHL Premises, ownership of existing customer-owned service lines shall remain with the customer unless and until the Company determines, in its sole discretion, that replacement is required. Upon such determination, the Company shall install a new Company-owned service line at the Company's expense, and it shall be a condition of service that the customer permit such installation. The existing customer-owned service line shall then be disconnected and abandoned in place in accordance with Company standards and applicable codes.
- For subsequent applicants at Former NEHL Premises:
 - (a) if a customer-owned service line is already present, the Company may, in its sole discretion, determine that a new service line must be installed; in such case, the Company will install a new Company-owned service line at its expense, and the existing customer-owned line will be abandoned in place; and
 - (b) if no service line is present, or the line has been removed or cut off, the applicant shall pay for the extension of facilities in accordance with Rule 5 of this tariff.

5A. SPECIAL UTILITY SERVICES

The provisions of Rules 3 and 4 do not apply to applications for special utility service. "Special utility service" shall include (a) a request for utility service when the applicant has an installed alternative fuel capability, including service from a natural gas well; (b) a request for utility service when the applicant is already receiving natural gas service from another Pennsylvania public utility; (c) a request for utility service from an applicant located in an area in which another natural gas utility is authorized to serve the applicant; (d) a request for utility service by an applicant who was the owner or ratepayer of record for the premises at the time the Company last provided service to the premises; (e) any request for service by an applicant who, in the Company's view, is unlikely to remain on the Company's system for a sufficient period of time to justify the extension. Applications for special utility service shall be resolved on a case-by-case basis through negotiations between the applicant and the company.

RIDER E
CUSTOMER EDUCATION CHARGE

Effective April 1, 2000, a charge will be included in the rates subject to this Rider to provide for recovery of costs of providing consumer education to inform customers of the changes in the Natural Gas Utility Industry.

The charge will be designed to recover the following customer education costs ("CED costs"):

1. Costs associated with providing information necessary to assist customers in making appropriate choices as to their natural gas service; and
2. Costs associated with any and all consumer education programs as a result of restructuring under the Natural Gas Choice and Competition Act.

APPLICABILITY

In addition to the charges provided in this tariff, a charge calculated in the manner explained below shall be added to the otherwise applicable charge for each Mcf of sales and transportation volumes delivered by the Company to customers receiving service under the Residential, Commercial and Public Authority, SVIS, IVIS, SATC, and Former NEHL Residential, Former NEHL Commercial and Public Building, and Former NEHL Industrial rate schedules, or successor rate schedules.

Deleted: and

CALCULATION OF RATE

A charge will be recalculated annually based upon deferred and annually projected CED costs.

Effective January 1, 2001, the rate will be calculated to produce a levelized rate reflecting all deferred CED costs, and any actual and expected CED costs for the period from January 1 through December 31 and continue annually thereafter, divided by the total projected volumes of Residential, Commercial and Public Authority, SVIS, IVIS, and SATC rate schedules, for each twelve (12) month period over which this charge will be in effect.

The charge to be included in rates shall be \$0.0000/Mcf. (C)

Effective September 29, 2004 per M-00001326 Secretarial letter Issued June 21, 2004, the rate will be recalculated to remove the third year assessment for state-wide gas consumer education costs. The filing effective September 29, 2004 will not be a reconciled filing.

RIDER F
CAP DISCOUNT CHARGE

CURRENT CAP RATE DISCOUNT

Effective August 1, 2023, a charge will be included in the rates subject to this Rider to provide for recovery of costs of the projected CAP rate discounts, pre-program arrearage forgiveness, and program costs exclusive of company labor for the upcoming 12 months.

Such charge shall be updated quarterly and effective each February 1, May 1, August 1, and November 1 of the year. The charge will also be updated whenever there is a change to the Residential Sales Service Rate Customer Charge, Distribution Charge, Natural Gas Supply Charge, or Gas Adjustment Charge.

APPLICABILITY

In addition to the charges provided in this tariff, a charge calculated in the manner explained below shall be added to the otherwise applicable charge for each Mcf of sales and transportation volumes delivered by the Company to customers receiving service under the Residential Sales Service Rate Schedule, Former NEHL Residential Service Rate Schedule, and the Residential rates/Former NEHL Residential of the SATC, MMT, and DMT transportation rate schedules.

CALCULATION OF RATE

The charge will be recalculated as specified above.

The charge shall be equal to the total annual projected discounts, pre-program arrearage forgiveness, and program costs exclusive of company labor for CAP customers for the upcoming 12 month period divided by the annual normalized throughput volumes of the qualified rate classes. The total annual projected discounts for the CAP customers for the upcoming 12 month period shall equal the sum of the individual monthly total projected discounts for CAP customers for the upcoming 12 months ("CAP Discount"). The total monthly projected discounts, pre-program arrearage forgiveness, and program costs exclusive of company labor for CAP customers shall equal the residential bill for the average CAP customer consumption for the month multiplied by the average discount percentage for CAP service multiplied by the projected number of CAP customers for the month.

The currently effective charge for the current CAP Discount to be included in rates is \$0.1457/Mcf.
