The Commission has undertaken a review of its records to determine whether various utilities are in compliance with its operating and reporting requirements. That review has revealed that a significant number of common carriers have repeatedly failed to establish that they are operating continuously as required. Specifically, each carrier listed in Appendix A, attached hereto, has reported zero revenue for at least two consecutive years. Consequently, the carriers in Appendix A have failed to establish any operations for at least two consecutive years.

Under the circumstances, we tentatively conclude that the motor carriers listed in Appendix A are not in compliance with the operational requirements of 66 Pa.C.S. § 1501 and 52 Pa. Code §§ 29.61-62, or both. As such, it is appropriate to initiate the process for cancelling their CPCs as being in the public interest; **THEREFORE,**

IT IS ORDERED:

1. That cancellation of the Certificates of Public Convenience of each motor carrier listed in Appendix A is hereby *tentatively* approved as being in the public interest.

2. That the Secretary serve a copy of this Tentative Order upon the Bureau of Investigation & Enforcement, the Bureau of Technical Utility Services, the Bureau of Administration, Department of Revenue – Bureau of Corporation Taxes, Department of Transportation, and all motor carriers listed in Appendix A. The Tentative Order shall be filed at each carrier's docket number.

3. That the Secretary's Bureau shall publish a copy of this Tentative Order in the *Pennsylvania Bulletin*.
